THANKSGIVING DAY IS OBSERVED BY ROTARY CLUB OF BAY ST. LOUIS

Rev. Hubert A. Spengler, of Gulfport, Is Principal Speaker of the Day—Reviews History of Thanksgiving and Draws Picture of History of Country Down Line Of Presidents to Today.

Most fittingly did Bay St. Louis Rotary Club, jointly with the full personel of the Pass Christian Rotary Club, observe Thanksgiving Day on Wednesday noon, regular meeting day of the Bay club, at Hotel Weston, with Rev. Hubert A. Spengler as guest of honor and principal speaker of the day.

Forty Rotarians and invited guests sat to the festal board, which had been decorated with low bowls of chrysanthemums, and a long line of varied-colored 'mums and maiden hair fern trailing through the center of the table from one end to the other. The sight was both beautiful and impressive and made Thanksgiving, as observed by the Rotary clubs of two cities, memorable.

Bay St. Louis club had a one hundred per cent meeting, and it was regretted the popular young president of the Pass Chistian Club, Bernard Knost, was precluded by business matters from attending.

Father Spengler, who is a Rotarian, member of the Gulfport club, spoke of the time of the Pilgrim fathers, when they crossed the ocean on the Mayflower in 1620. They were composed of English, Scotch and Dutch Puritans, he said, and their number totaled 102. They were men in the meridian of life, austere and grave in deportment.

From Benjamin Franklin, 1810, Father Spengler quoted, as follows:

"There is a tradition that in the planting of New England, the first settlers met with many difficulties and hardships, as is generally the case when a civilized people attempt to established themselves in a wilderness country.

"Being piously disposed, they sought relief from heaven by laying their wants and distresses before the Lord, in frequent set days of fasting and prayer. Constant meditation and discourse on these subjects kept their minds gloomy and discontented; and like the children of Isrhel, there were many disposed to return to that Egypt which persecution had induced them to abandon.

"At length when it was proposed in the assembly to proclaim another fast, a farmer of plain sense rose and remarked that the inconveniences they suffered, and concerning which they had so often wearied heaven with their complaints, were not so great as they might have expected, and were diminishing every day, as the colony strengthened; that the earth began to reward their labor, and to furnish liberally for their subsistence; and above all, that they were there in the full enjoyment of liberty, civil and religious.

"He, therefore, thought that it would be more becoming the gratitude they owed to the Divine Being, if, instead of a fast, they should proclaim a Thanksgiving. His advice was taken, and from that day to this they have, in every year, observed circumstances of public felicity sufficient to furnish employment for a Thanksgiving day, which is therefore constantly ordered and religiously observed."

Father Srengler told how the fact of having turkey inevitably at a Thanksgiving spread originated. He said he hoped there would not be an additional amendment to the constitution prohibiting turkey from our tables.

The first Thanksgiving proclamation was signed in 1621. Four men had been sent into the interior forest for game for the feast and had returned with turkey. Since then turkey has been "it" every Thanksgiving.

In this connection the speaker quoted from Longfellow:

On Thanksgiving day, when from the East and from the West
From North and South, come the Pilgrim guest;
When the gray-haired New Englander sees round his board—
The old broken links of affection restored,
When the care-wearied man seeks his mother once more,
And the worn matron smiles where the girls smiled before.

* * *

Father Spengler said, regardless of present conditions ,we had a great deal to be thankful for. Inconveniences of the day were not so great after all; they were diminishing every day. The earth rewarded labor and furnished subsistence. We should be thankful for the great liberty that was ours—both civil and religious.

Let us think of our great country, he said. The promised land to millions; many have come, more would come. We are here and should appreciate it.

Let us thing of our great country, said the speaker and refresh our minds with a picture of accomplishment. Our country from north to south measure 1,680 miles from east to west. We have 3,026,789 square miles of territory. From Maine to Texas we have splendid harbors; on the Pacific not so good. Abundant resources and climate temperate. It is a good place to live. It must be for we have a population of 122,929,214,046, 40.5 to the square mile. Our principal exports are cotton, petroleum machinery and grain. We import silk, rubber, coffee. Canada is our best customer.

Dwelling on the different periods of our country Father Spengler spoke on the time of Columbus and the Indians, through the different periods when certain boundaries were formed. In 1803 the central portion known as the Louisiana purchase from Farnce; 1819 Florida, 1845 and in 1848 when the southwest and north-west were explored and subsequently settled. The narrative, in its truthful and accurate sequence, was interesting as the listener followed the speaker through the transition of this country from the time of then to that of now.

There were five great wars, the speaker continued. Namely, revolution in 1812, then the Mexican, civil, Spanish and the more recent world war. Colonial period settlements included Jamestown, New Amsterdam, Plymouth. Characters of that period that will live in history include Roger Williams, Lord Baltimore William Penn.

Harvard was the first great university founded. It lives today and flourishes and enriches with age.

It was interesting to hear Father

NEGRO IS HELD IN CO. JAIL

Howard Sears Charged with Murder of Ben Johnson on Highway Near Logtown Section.

Howard Sears, negro, arrested Sunday by Hancock county authorities in connection with the murder last Saturday night or early Sunday morning of Ben Johnson, 38-year-old colored found dead in his bed at the road camps, on the highway northwest from this city, and near the Logtown section adjoining the Old Spanish Trail, is said to have confessed the crime and being held without bond in the county jail.

Thompson, employe on road work being done by the State Highway commission on the Trail, is said to have been beaten over the head with an axe. However, no definite details of either occurance seem to be available and no further facts in the matter are to be had.

In the meantime Howard Sears remains a guest of the county, with regular meals and a good, substantial home, free of rent, taxes and insurance.

Ladies' Legion Auxiliary to Meet Next Wednesday Evening

There will be a meeting of the Ladies' Auxiliary, Clermont R. Bontemps Post, American Legion, on next Wednesday evening, after dark, at the residence of Mrs. Laurent Dickson, in Main street.

In addition to the regular business to be transacted, several new members to the auxiliary will be initiated and to this interesting meeting there should be a goodly attendance.

The Thanksgiving turkey offered by the local legion interests was awarded to Mrs. E. J. Lacoste, of South Beach Boulevard.

Musicale and Style Show on the Tapis For Bay St. Louis

It might be letting the cat out of the bag, but it proves of interest to learn preparations are in progress for the presentation of a vocal program and style show, under auspices of S. J. A. Alumni, assisted by Bay St. Louis talent. The style show will be put on by one of the Coast's most exclusive dealers in ladies' robes, furs and wraps. It is said it will far exceed anything yet presented here and it is safe to say the very best patronage is already assured. Date: After the holidays.

G. E. TEMPLET, LOCAL MERCHANT OFFERS FINE JEWELRY GOODS

Novelties and Other Objects For Christmas Season—Buy At Home and Save Money

Buy at home is a good injunction, particularly when it is probable you get a better buy and in all instances see what you buy.

A doubie colmun advertisement in last week's Echo brought to the public mind announcement, that G. E. Templet, well-known and thoroughly dependent merchant of this city, that a specially-purchased stock of diamonds, watches, jewelry, novelties and art gifts were purchased under most favorable circumstances and would be offered local public at prices that could not be duplicated elsewhere.

First for the reason the stock is new and carries assortment; secondly, values had been purchased that could be sold at prices consistent with the present times. This is no time for such quality of goods that but genuine and substantial values one does not purchase to give away, are offered in exchange for medium prices.

Mr. Templet invites the public to first see his Christmas stock before purchasing elsewhere or out-of-town. No obligation will be incurred. Call and visit. It will be worth your while. A small deposit will hold any article until Christmas.

Meeting of Hospital Boards to Discuss Future Of The Institution

Board of directors and business and professional advisory board, King's Daughters and Sons hospital, of Bay St. Louis held a called meeting Wednesday night at the Chamber of Commerce to discuss a situation whether it would be advisable to buy certain property that was offered the organization or to decide whether the hospital would be continued for the present, at least.

The hospital has had no patients this month, it is stated; its overhead fund is excessively in debt and with the financial stringency there was a momentous question to be settled. However, it was decided since certain gentlemen were not present, it would be better to hold another meeting and by that time the matter, too, would be discussed at different angles and Friday night there will be another meeting, with, it is hoped, a full membership present and the matter more definitely discussed and possibly disposed of.

The hospital is worthy and should carry on, some say, while others are of the opinion there is not sufficient need since the financial ends do not justify. However, that matter will be decided by those called upon to do so by this Friday night.

POOR OF CITY NOT FORGOTTEN

Boxes Filled With the More Substantials Sent to Homes Of Need For Thanksgiving.

The Food Package Shower given Monday, November 23rd by St. Margaret's Daughters was a big success.

It was indeed gratifying how liberally the people responded to the appeal in behalf of the poor.

The foods received were of the substantial kind, rice, beans, flour, sugar, coffee, potatoes, meats and can goods, and the committee was able to supply the foods needed every day in the home.

Those who contributed food to this shower could surely enjoy a happy Thanksgiving for they have helped those who were in need and God will bless them.

St. Margaret's Daughters express their heartfelt appreciation for the interest the good people of Bay St. Louis took in this movement and take this medium to thank each and everyone for their donation.

Contributions were delivered to one central and working point, at the home of Mrs. C. A. Gordon, in Union street, from which place some twenty-odd boxes were sent out Wednesday evening to homes of poor and the more needy, boxes that were liberal in size and filled with substantial and table groceries. There were no expensive turkeys nor chickens, but provisions of the kind that will last far more than one day and help more than can be expressed.

This is a distinct and outstanding contribution and marks in part the observance of Thanksgiving in Bay St. Louis and vicinity. St. Margaret's Daughters succor the needy, clothe and feed and their work in respect has been generous. They know no color and no creed. They work for humanity and for the honor and glory of God.

Mrs. Marjorie Nye Acker Organizes Santa Claus Club for Bay City

Mrs. Marjorie Nye Acker, of Waveland and Bay St. Louis is organizing a Santa Claus Club, and the matter is one of more than ordinary interest.

Mrs. Acker says anyone who has discarded toys, dolls, blocks or other things and trinklets of any kind will call telephone 328-W or send such things to her residence on the Waveland beach boulevard.

If necessary, things will be made over, repaired or rebuilt and will be given to children who, perhaps, and most likely will have no toys on Christmas morning, when other more fortunate boys and girls will probably be revelling in a surplus of toys.

This is thoughtful and blessed and Mrs. Acker should not only receive a prompt and liberal response but the active co-operation of those in a position and having time to do so. A little good will will go a far way towards helping the cause. See about it today. Telephone 328 and discuss it further with Mrs. Acker.

OUTSTANDING CITIZEN OF CLERMONT HARBOR —BIRTHDAY SURPRISE

Captain J. B. Bachino, Affectionately Known as "Mayor" of Clermont Near Half-Century (?) Mark.

Thursday, November 19, was a memorable day in the life of one of Clermont Harbor's most highly respected citizens, for on that day, Captain J. B. Bachino, known among his close friends, as the "mayor" of Clermont Harbor, and agent of the L. & N. R. R., at that "no agent" station, celebrated his "forty ninth" birthday as he puts it. No one, however, seems to know how many times he has celebrated this same "forty-ninth." Anyway, that's his story, and he wants to stick to it.

The occasion was remembered by many of the Captain's friends in New Orleans, and the Captain was really showered with telegrams of congratulations and best wishes.

Some of the Clermont Harbor friends surprised the Captain and wife at their home that evening when a pleasant evening was enjoyed.

Among those fortunate to be present, were Mr. and Mrs. Eugene Mogabgab, Miss Marie Bachino, Mr. and Mrs. Edward Nathan, Miss Alice Louise Nathan, Master Kendrick Nathan, Mr. Foreste Dolhonde and others.

DRIVE FOR FUNDS FOR ORPHANS

At Natchez Last Sunday Reported Satisfactory—Fr. Gmelch Thanks Public

Promptly at one o'clock Sunday afternoon volunteers for the Orphan drive gathered at the Catholic Rectory, and imitating the Apostles, went out two by two on their great mission of charity.

In a very orderly arrangement the city was divided into sections, and each section was covered by two collectors. In this way the work was done thoroughly and very quickly. The collectors brought in very satisfactory reports, and especially did they mention the courtesy with which they were received by all people. We understand that many people are not able to help as much as they would wish, but we believe that everyone helped to make the drive a success.

Many who were not reached by collectors have been kind enough to send in their contributions to the rectory; some others will send in their donations this week, and as a result of this the total collection is not known at the present time.

Father Gmelch is satisfied with the results and wishes to thank those who helped by their generosity and also those who volunteered their services.

Thanksgiving Day In Bay Saint Louis at Different Places

Thanksgiving was generally observed in Bay St. Louis in churches, homes and at different places in different ways.

Bay St. Louis and this section generally has much to be thankful for in comparison with other places.

Services at the Catholic, Methodist, Baptist, and Episcopal churches were observed and splendid discourses on the subject given.

The Rotary Club observance Wednesday of Thanksgiving and the splendid preachment of Rev. Hubert D. Spengler, gifted speaker from Gulfport, was easily the outstanding event of the week. Rotary is certainly a local factor and enters into the very existence and being of Bay St. Louis each week.

Then there was the spirited annual football contest of Flies vs. Fleas of St. Stanislaus College on college campus, witnessed by many. Proceeds of this game appropriated to the annual Christmas tree entertainment to the poor of city and county, as sponsored by Bro. Peter, president St. Stanislaus College. There is no greater work and gift to charity than this each year.

Privately, many homes quietly but joyously observed the day, with the usual Thanksgiving dinner and entertainment.

Waveland Altar Society To Give Benefit Card Party

Ladies in charge announce a benefit card party on the night of December 11, at residence of Mrs. Vic Lizana, in Jeff Davis avenue, benefit of Altar Society St. Claire's church, Waveland, and hope to raise considerable funds, to say nothing of the delightful social evening afforded by these benefit gatherings.

FAMOUS AUTO CAR TO ARRIVE

Twenty-Millionth Ford Car To Arrive in Bay St. Louis Friday, December 4th.

Mr. George H. Edwards, of Edwards Brothers, Bay St. Louis, local Ford dealer, announced today that the twenty-millionth Ford car, which left Dearborn April 14 on a nation-wide tour, will arrive in Bay St. Louis on Friday, December 4. This car which was assembled in the presence of Henry and Edsel Ford, will make an overnight stop at the show room of Edwards Bros. Mr. Edwards is arranging for suitable ceremonies to mark the visit.

Needless to say this will be an event wothwhile and Messrs. Edwards anticipate quite a large gathering to view this famous car, touring the United States and receiving a general acclaim wherever it is viewed.

Mr. George H. Edwards, resident manager and junior member of the firm, said a general and most cordial invitation is issued to one and all to be the guest of the firm during the car's visit. It will be interesting to view it and there will be plenty to see and an equally amount of interesting data and history to be heard.

Bay St. Louis and Hancock county will look forward to Friday, December 4. Whether you own a Ford or not, Messrs Edwards will expect you.

REACHING THE OUT-OF SCHOOL GROUP BY VOCATIONAL TRAINING

Smith-Hughes Bill Takes Care of These—Bay St. Louis and Hancock Schools Active.

Out of every one hundred white children enrolled in the sixth grade of the public schools of Mississippi only thirty-two enter the twelfth grade. The other sixty-eight have dropped out and gone to work according to the 1929-30 enrollment reports.

It has been definitely understood from its beginning that Smith-Hughes work was designed not only to train the students of the high schools in some vocation, but also to offer opportunities for vocational improvement to that enormous out-of-school group. In other words, vocational education is that kind of education which is designed to fit a man for a job, or to make him more proficient on the job.

If is written in the Smith-Hughes Act itself that Smith-Hughes courses of study "shall be designed to meet the needs of persons over fourteen years of age who have entered upon the work of a vocation, or who are preparing to enter upon the work of a vocation." The law also states that the controlling purposes of such courses shall be to fit for useful employment. This would include not only the persons of school age who have dropped out of school, but also adults who are following a vocation.

Smith-Hughes work is the only phase of public education which assumes a definite responsibility for training that out-of-school group. The eagerness with which these workers come to part-time and evening classes is indicated by the fact that the enrollment of out-of-school students exceeds the enrollment of in-school students by more than seventeen hundred during 1931. This is clearly shown on the graph above.

The State Vocational Board, State Superintendent W. F. Bond, Chairman has long been concerned about this large out-of-school group, and feels gratified at the progress the Smith-Hughes teachers have made in raching this group.

In Hancock County.

Hancock County had a total enrollment of 104 in vocational classes in school last year and a total enrollment of 91 in that out-of-school group that was reached with organized instruction. The teachers who helped to serve both of these groups were: Miss Annie Gage Brown, home economics, and C. P. Barker, agriculture, at Sellers Consolidated School; Mrs. Eveline D. Lumpkin, home economics, and E. E. Lumpkin, agriculture, in Kiln Consolidated School; Miss Rachel Tarver, home economics, and Miss Ruth Porter, W. E. Mayfield, S. J. Ingram, and Milton A. Phillips, all in trades and industrial education in Bay St. Louis.

Benefit For Hospital Nets Sum of Twenty-One Dollars—Monday

Benefit party at Hotel Weston last Monday, benefit maintenance fund King's Daughters Hospital, was marked by a fair attendance, proving however, a most enjoyable affair. Including the selling of a turkey, the party netted the sum of twenty-one dollars, which was turned over to the hospital treasury and will help to defray current bills. Mrs. Margery Nye and assistants worked with much interest and personal application and every effort possible was exerted in behalf of the cause.

MOTHER, SON GUILTY IN PLEA

Mrs. Abner Hursey and Son, William Placed on Probation for Two Years—Case Recalled

An Associated Press dispatch says Mrs. Abner Hursey and her son, William, of Pearlington, Hancock county, Miss., indicted with Captain John G. Murphy on a charge of conspiring to produce from false testimony in federal court at the trial of Murphy on a charge of ship scuttling, came to Mobile Monday and entered pleas of guilty before Judge Robert E. Ervin. They were placed under probation for two years.

Captain Murphy entered a plea of nolo contendere to the perjury charges here last week and was sentenced to serve a year in prison in addition to a seven year sentence which had been given him on the scuttling charge.

It was alleged by the government that Mrs. Hursey last summer signed the name of her late husband, Captain Abner Hursey, to a note for $6,000 made to Captain Murphy. Murphy offered this note in explanation of his withdrawal from a bank of this sum in cash just a few days after the steamship Rose Murphy, which he is claimed to have destroyed went down off Florida. It is alleged that Murphy, who owned the vessel, had the ship sunken to collect insurance and that he withdrew the $6,000 from the bank to pay Salvador Martinez, James a. Fulford and two other members of the crew, for scuttling the ship.

FR. BALTES GETS NEW ASSIGNM'NT

Head of St. Rose de Lima Parish and Convent School Goes to Jackson, Miss.

Rev. Father Xavier Baltes, who has been in charge of St. Rose de Lima church, Bay St. Louis, from 1923 to 1931, and who has built up the Catholic colored parish to the extent and success which it today enjoys, left during the week for Jackson, Miss., where, in future, he will be stationed.

Father Baltes is succeeded by Rev. John Hoendrap, from Point-a-la-Hache, La., who is a man of matured years and experience and whose services to the local cause will be of much value, and who will prove a worthy successor of his predecessor.

Father Baltes was the pioneer builder. It was he who contributed the major share to the building of the church, installation of the pipe organ, steam-heated church and other outstanding evidences of ability and doing; who has built up the zeal of his flock, and aided in the building of the convent and school that means so much to the local colored community.

At present the convent school has an enrollment of over 200 pupils and 9 sisters reside at the convent of St. Rose de Lima. Father Baltes helped to build the community that has been created and is carrying on the work of religious and scholastic work which he not only inaugurated but helped so valiantly to carry.

Rev. Father Hoendrap is welcomed.

BLYTHE ON PROHIBITION.

Sam Blythe, dean of Washington political writers, has recently completed a tour over the country, in an effort to sound public sentiment on important questions, and he does not find much consolation for the wets, so far as the approaching congress is concerned, says the Mobile Register. Writing in the Saturday Evening Post Mr. Blythe says that there are at the outside 30 wet votes in the senate and 125 in the house, and adds: "The truth about this prohibition clamor is that while this country is undeniably wet in the centers of population—actually and politically—it is undeniably dry—politically—in the country districts, no matter what the physical state of those districts may be, and the bulk of the senators and representatives represent the country districts. The prohibition question in congress is a political question and nothing else. The ethical, sociological and economic phases of it have nothing to do with the case. So long as the majority of the voters in this country are politically dry, as they are now, so long will the Volstead law remain unamended and the Eighteenth Amendment remain exactly where it is."

With reference to the prospect of any modification of the Volstead law being made by the congress about to assemble through the legalization of beer he says: "There is just as much chance that this congress will legalize beer with any alcoholic content whatsoever greater than the one-half of one percent, that is legal now, as there is that this congress will allow the selling of whisky at soda fountains. Just that much, and no more."

LOANS FOR HOMES.

PRESIDENT HOOVER announces that he will request Congress to create twelve "home loan discount banks," with a total capitalization of $150,000,000. Each bank would be authorized to advance twelve times the amount of the capital in small mortgage loans on homes.

As a result of these institutions President Hoover expects four benefits, summarized as follows: (1) "A revival of home building and a resultant increase in employment. (2) An emergency easing of financial strain upon sound banks and loan associations dealing in home building securities. (3) A safeguarding against future building slumps. (4) A long-time promotion of home ownership through the financial strengthening of credit institutions."

The proposal made by President Hoover should receive favorable consideration. Care, however, should be taken to provide that the builders of homes secure the benefit of a low interest rate and that the banks do not overloan the values on the various pieces of property, thus avoiding the necessity of foreclosing later. It is good governmental policy to encourage the ownership of homes.

RADIO MYSTERIES.

EVERY radio listener experiences the annoyance of fading signals in broadcast reception. A number of theories have been expressed by scientists as to the cause thereof and these learned men have been attempting to remedy this defect.

Radio experts of the government say that this is caused because radio waves are reflected from the Heaviside layer in the atmosphere, a body of ionized gaseous material about seventy to two hundred miles above the earth. When these reflected waves return in different time-cycles from the waves arriving direct the fade-outs occur.

The usual experience is that radio reception is better in the night than in the day and in the winter than in the summer. The theory of the scientist explains this by the fact that the Heaviside layer varies in height daily and seasonally, being higher at night than in the day, and higher in the winter time than in the summer. The higher it is the better the reception.

When a man says "'I don't know" he is showing signs of knowing something.

Trading in Bay St. Louis is a part of civic loyalty; to do so as a matter of policy is an application of the so-called booster spirit.

Why not make it a point today to speak a few words of admiration to somebody in your acquaintance for whom you feel a real admiration?

Every individual has the opportunity to better his or her own condition, regardless of what others may or may not do.

HOW ABOUT CHRISTMAS?

LESS than a month off, Christmas will again be with us and the happy and joyous season, celebrated over the entire Christian world. There is no other time on the calendar that compares with Christmas. It is the one big, universal occasion, for children and adults as well. It is the more generous season of all, it provides for the young as well as for the old; it inspires and gives joy to men and women of all ages and in all walks of life. It is the one big day in the church. And we might say, even at that, it is one big day even outside of the church. There is no other occasion like it. No other event is more generally observed. Nothing approaches it.

It, is indeed, a poor, deluded heart, a breast that lacks warmth and sympathy, to make the remark, as homely as it sounds, that "I shall give no presents this year for Christmas."

Can you imagine, dear reader, the lack of spirit, depth and warmth this poor heart must lack, even though finances might not be as flourishing as last season?

Can you imagine the reaction such thoughtless, ill-mannered and gross remark must give not only to the listener but even to the speaker in the last analysis of it all?

It is a pity and a matter of regret some few might let their morale runaway from them to such an extent. We might not be able to do as well as last year, but we are not going to forget Christmas time. If there was a time we ever needed the spirit and joys born of Christmas, it is now. And it would be well to resolve that this is going to be the best and biggest Christmas possible. Resolves work wonders. Bay St. Louisans and others can do equally as well.

The Echo wishes to see a big season. We hope our stores will have better and larger stocks; that our people will bpy more, give more and tend to spread the spirit of Christmas-tide more than ever.

HARD-SURFACING OLD SPANISH TRAIL.

MR. J. F. THAMES, member of Mississippi Highway Commission, has replied to members of the Executive Committee of Bay St. Louis Chamber of Commerce, asking that the Old Spanish Trail be not omitted in the spending of the ten million dollars soon to be at the disposal of the commission for the betterment of Mississippi Highways.

Mr. Thames, as well as the commission, has been a friend of this section, recognizing the importance of the Spanish Trail link, as it does, Louisiana with Mississippi, or New Orleans with the Mississippi Gulf Coast. Hence, aside from the fact that the commission is on the job in general, particular attention is given to this important link.

Resolution from the Chamber of Commerce asked that the commission hard-surface the link at once, with material of permanent character, and in reply the following, in part, was received in acknowledgment:

"Replying to your favor of the 9th. inst., forwarding me resolution adopted by your Chamber of Commerce, beg to say that I note with interest your suggestion about hard-surfacing the connection between Bay St. Louis and the Louisiana line.

"This matter is having my very serious and careful consideration and in putting on our program I assure you that your interest, as well as the interests of the general public, in connection with this link of road shall not be overlooked."

As the communication from Bay St. Louis Chamber of Commerce was addressed to Mr. Thames, the foregoing was signed by him.

The Echo has every faith in Mr. Thames and we feel sure he will not fail to give this section every consideration possible.

PECAN WEEK AND THE COAST.

NOVEMBER 22 TO 28 has been designated as National Pecan Week and the proclamation is fitting especially to Mississippi where the best quality is grown and in such abundance.

Perhaps it is not known in some parts where the Echo visits, the pecan is one of the standard crops of the Mississippi Gulf Coast, in fact, the home of this delicious nut, since so many of the chief and better kind have originated here. The Success, Schley, Stuart and other of the larger and soft shell kind are natives of this section and have made for the pecan industry as a whole a name and commercial prestige.

The market here is never swamped. Before the end of the season the product has been marketed and individual growers ship in cartons and bags to all parts of the country.

However, since this is Pecan Week, it would be well now to supply for your homes and to ship to your friends over the country. Nothing brings more pleasure and surprise than a shipment of the famous pecans from the Mississippi Gulf Coast. Send a shipment today, tomorrow or this week at latest to some one away. A relative or friend. It will serve double purpose, please the recipient and advertise our own section.

No where else, and as successfully, is the pecan cultivated like on the Mississippi Gulf Coast.

NEW FEDERAL TAXES.

There seems to be no doubt but that Congress will have to increase taxes at the coming session. The deficit of the Federal Treasury is increasing by the close of each month and something will have to be done. It remains to be seen whether the tax burden will be placed upon those able to pay or upon already hard-pressed ordinary citizens.

JAPAN IS SUCCEEDING.

The militarists of Japan decided upon aggressive action in Manchuria, believing they could overawe and bluff the other nations in the world. Recent events indicate that the Japanese bluff is succeeding and that the other nations of the world are gradually backing away from any responsibility in curbing their greed.

VIEWS OF OUR NEWS
By Chicagoan

A Review of the News of Last Week's Echo.

CHICAGO, Ill., November 14. —Every boy who has milked a cow in fly-time has his own impressions of the "tail" of a cow. But quite different from those boyhood memories was the "Tale of Cow" presented by George R. Rea, local banker, who was the principal speaker at last week's Rotary luncheon. Mr. Rea brought to the Rotarians the results of his obvervations of modern dairying, from which the troublesome tail of cow has disappeared. This is due to two reasons. First, the sanitary conditions demanded in all dairies in the "cow" districts, precludes the presence of flies, and second, modern milking methods have little place for small boys. Mississippi is destined to become a leading dairy state. 'Twill not be long until Mr. Rea can point to more than one certified dairy establishment in that great state.

After several years connection with the Hancock County Bank, S. L. Engman has been appointed cashier of the bank in Long Beach, so last week's Echo reports. The experience gained by Mr. Engman in Bay St. Louis due to his ability and his associations, have qualified him well for his new post.

* * *

Speaking of stable banks, I'm sure there are few in the vicinity of Bay St. Louis who are incurring the danger of an experience like the one suffered by Fruge, frugal negro farmer, whose confidence in banks was not what it should have been. Last week's recital of his treatment by the robbers who relieved him of his savings will serve as a warning to the few who may be adopting Fruge's system.

* * *

Here's a commuter who asks that the City Fathers see to it that he and other early morning travelers are provided with lights to help them find their ways to the depot in that darkness that proceeds the dawn! The "sufferer" expresses the hope that his communication be read by the proper authorities. Of course, he knew that it would. There is no column or paragraph in the Echo that is not read by all. And from a long reading of this paper, I know that the City Fathers have not only read the open letter, but that they have given its contents due consideration. Unless there are very good reasons for acting otherwise, "A Sufferer" will soon have his pathway lighted as he wends ~~his~~ way depotward in the early morning.

* * *

Reading the timely articles on Thanksgiving in last week's Echo, I wondered which of the scenes and events described in the paper would have been familiar to a band of Pilgrims had they visited Bay St. Louis last week. Automobiles ,typewriters and such things might bewilder them quite as much as would letters about "Yours of the 10th received" and "Beg to advise that unless we are favored by a remittance before the 15th inst. . . ." They didn't know so much about merchandising, those brave men in the tall hats and the courageous women with their shawls and bonnets. Nevertheless, being thrifty souls, they would have quickly recognized the advantages of buying their Christmas gifts from G. E. Templet whose money-saving announcement appeared in last week's paper.

* * *

Despite their two point defeat by Southern California, many will still regard Marchmont Schwartz and his Notre Dame teammates as national football champions. But whether or not the famous team of the North is entitled to such distinction, Bay St. Louis will figure in any discussions of national honors until another season rolls around at least. For in the Southland is another great football team which cannot be ignored when it comes to passing around the national crown. Tulane has a record unequalled by any of the other outstanding teams. Its recent defeat of Georgia sufficed to put it in the front ranks, if not far ahead of other aggregations. And on that famous Tulane team, which experienced observers state can "lick any football team in the world" are two of the sons of Bay St. Louis. To the Echo goes the credit for calling distant readers' attention to the fact that both Glover and Scafide are bona fide residents of Bay St. Louis, having received both their academic and athletic training at St. Stanislaus College.

* * *

But it is not only at gatherings of football players that the name of Bay St. Louis is mentioned, for last week's Echo tells that Robert L. Genin, C. C. McDonald, Sidney W. Prague, Fred A. Wright, A. K. Roy, and L. S. Elliott donned golfers' togs and gave an exhibition of their skill when they met the golfers of Mobile.

* * *

Then, let's leave athletics altogether, and we find that at the Southern Medical Convention at New Orleans, two of the active members in attendance were Drs. Shipp and Smith of Bay St. Louis, while active in the social functions of the convention was Mrs. Smith.

BERNIE BIERMAN MAY LEAVE GREEN WAVE NEXT YEAR

Tulane Head Coach Homesick—May Return to Minnesota Where He Starred In Backfield.

By RALPH WHEATLEY

(Associated Press Staff Writer)

A plain case of old fashioned homesickness probably will break up Tulane's efficient coaching staff by Bernie Bierman, master mind behind the high rolling Green Wave, returning to his alma mater, University of Minnesota, as head football coach.

Since last summer when Bierman returned from a visit to his mother in Minneapolis, the report that he would leave Tulane for Minnesota has persisted. Now privately it is admitted but publicly it is evaded.

Tulane officials keep mum and Bierman, who is runner up to the sphinx mumbles something about "bunk." Some Tulane alumni say Bierman definitely has closed a contract while others claim the door is not yet closed to keeping him in New Orleans. But it is a fact that he at least tentatively plans to take the football helm of Minnesota next season.

It is not a question of money, the alumni explain, as Tulane is prepared to pay him well. It is nostalgia in severe form, they say, that has smitten both him and his wife, both of whom are graduates of Minnesota. It was at Minnesota that Bierman broke across the football horizon as half back and it was there he met the girl he married. It was there that she taught him to dance and to step around the house without breaking the furniture. And his mother lives there now.

Also they would like for their two sons to follow them through the class rooms of Minnesota and the father on the field of football. Furthermore they figure the sons can fight the Cival war just as well in Minneappolis as they can in New Orleans, as one was born in Montana and boasts of being a Yankee and the other was born in Mississippi and enjoys giving vent to the rebel yell. The parents say the Civil war is going on about all the time under their roof.

So the bite of homesickness threatens seriously to disband that strong Tulane coaching triumvirate—Bierman, head coach; Ted Cox, line coach and Lester Lautenschlaeger, back field coach who quarter-backed Tulane's brilliant team of 1925. The talk is that Cox will get the call as head coach as reward for building Tulane's impregnable forward wall that has brought home many victories..

Bierman would leave Tulane in a blaze of glory with a record of having brought his team through three seasons undefeated by a Southern Conference team and with prospects for another strong team next year.

Thank God For Peace.

Though dogs of war may growl and bark,
Though lowering clouds be thick and dark,
Though China and Japan be grim,
And Russia snarl along with them,

We thank Thee, Lord, that peace is ours;
We pray Thee, Lord, that all the powers
May stand together for the good
Of universal brotherhood.

We thank Thee, Lord, that every state,
However small, however great,
Now hangs its head in sheer disgust,
When war is threatened, vile or just.

There was a time when men of war
With zeal extolled the strength of Thor;
But Jesus came with words of peace,
And bloody war is bound to cease.

We thank Thee, Lord, that this is so,
And may this spirit stronger grow
Till love alone shall prove its worth,
And peace shall girdle all the earth.

Injures Realty Values.

Magnifying the so-called depression is the result of talking and uselessly discussing the subject. It is well to conserve his own interests and to conserve values by application of thrift and economy, but no good is known to result from this singsong of depression.

Not only affecting one's morale, but it is proven to have injured realty values way below normal. Crying high taxes, regardless of what we are getting in return for the tax stipend is another means of injuring realty value. A correspondent wrote The Echo to ask that this practice cease and let us boost rather than decry. It might be well, too, to remain silent.

Rev. C. C. Clark Returned as Pastor of Main St. M. E. Church

Annual conference of Mississippi Methodist pastors held at Columbia, came to a close Sunday night, when the list of appointments, to serve for the new year, was announced.

Rev. C. C. Clark, pastor Main Street Methodist Church, has been re-assigned to Bay St. Louis, which will prove good news to the community, having served here the past three years with more than ordinary success and personally a man warmly greeted and welcomed on every side.

Rev. Clark annouces that the regular Sunday services will be resumed tne coming Sunday, morning and evening, and members of the church and their friends are invited to be present.

Why Worry

There are only two reasons for worry,—either you are successful or you're not successful, and if you are successful, there's nothing to worry about.

If you're not successful, there's only two things to worry about—

Your health is either good or you are sick, and if

Your health is good there is nothing to worry about,

If you are sick there's only two things to worry about.

You're either going to get well or you're going to die, and

If you're going to get well there's nothing to worry about, and

If you're not going to get well there's only two things to worry about,

You are either going to Heaven or you're not going to Heaven, and

If you are not going to Heaven there's nothing to worry about,

And if you are going to the other place, you will be so damn busy shaking hands with old friends you won't have time to worry, so—

SPORTS AT STANISLAUS

Last Friday night Stanislaus was held to a 0-0 tie by the Laurel Cohorts at Laurel. The game was fought on a muddy gridiron which closely resembled a pond. Hampered by the mud Stanislaus was unable to score. Nevertheless, it is generally conceded that the boys in the Red and Black played their best game of the season at Laurel. Congratulations.

Next Sunday the Stanislaus football team of 1931 closes its season with a game with Holy Cross in New Orleans. It is sure to be a thrilling contest and we should like to have the support of every rooter who can go over to see Stanislaus Close up with a bang. Let's go. All aboard for Holy Cross next Sunday.

The L. & N. R. R. is offering for next Sunday a round trip fare to New Orleans only $1.25; good on trains No. 3 and 9. The football team will most likely leave on No. 9 which arrives in the city at 11:30. The excursion rate is good on trains leaving New Orleans at 5:20 and 9:15. With this rate we should have many taking advantage of seeing the Rockachaws in their last game.

The Rocks have something to play for—Holy Cross tied Warren-Easton and beat Commy High. Both these schools won from Stanislaus, so defeating them will in a sense destroy some of the advantage won by these teams. We think, rather we are certain, the team can win, all they need do is to use a part—a small part of the effort exerted at Laurel and we know they will bring home the victory.

Holy Cross uses the Notre Dame system and believe us they know how to use it to good advantage. Trick plays are a threat all the time; passes, reverses, double-reverses and line plays all coming from the freak shift.

JUNIORS BURY PASS CHRISTIAN 20 TO 0.

Long Drives Feature Game In Which Visitors Threaten Only Twice.

The 1931 Junior gridiron machine exhibited a smashing, driving attack and an almost faultless defense at Stanislaus Stadium last Saturday to batter down a fighting Pass Christian eleven 20 to 0.

Gathering punch after a scoreless half the Juniors checked off a brace of touchdowns in the third quarter and one more in the final period.

Billy Quin starting quarterback, Fagan at full and Lawless at left half furnished the scoring power for the Juniors. Quin and Lawless garnered each one a touchdown while Fagan helped himself to another one. Gonzalez at right half added an extra point by an end run while Dufilho scored the other by taking a pass.

Displaying a vim and vigor on the defense which is characteristic of big ball clubs the Juniors kept the Pass from even scoring possibilities thruout the game.

Bob McCollister star quarterback and captain showed grit and determination but his mates just failed to add help at the critical time. Deep in his own territory time after time he made long gains around end but seemed to lack punch when in the Junior division of the field.

Lineup:

Juniors: J. Sandoz, Pisson, C. Moss, Cripps, Hogg, Apr, Stakelum, Garcia, Gulotta, Quin, T. Sandoz, Fagan, Favalora, Dufilho, Lawless, Dillon, Carty and Gonzales.

Pass: Jones, French, Payoudeau, Wittman, French, Hursey, Ford, McCollister, McDonald, Lozes and Ruddock.

PEBBLES TRIP DEERS BY SCORE OF 13-6.

Pebbles Score Fifteenth Victory—Second and Third Stringers Given Chance.

The Stanislaus Pebbles' football eleven smashed another obstacle in its path, last Sunday afternoon, when they annexed another victory in defeating the Biloxi Deers 13-6 at the Stanislaus stadium.

Unleasing a powerful attack in the first half, the Pebbles tallied 13 points and then watched the reserves and subreserves finish the contest.

The Pebbles' first score came in the first period. Holding the Deers for downs, the Pebbles secured the ball on their 35 yard line. Their first play brought the ball 8 yards closer to the Deer's goal. A line buck by Blaize was good for first down on the fifty yard line. The next play was a beautifully executed fake line buck-pass Derbes to D. Glover who was downed on the Deers' ten yard line. Derbes shot off tackle and guard for ten yards for the touch down. A pass Derbes to Glover was incomplete for the extra point.

The second marker for the Pebbles came in the second quarter. Blaize received the Deers' punt on his own four yard line and raced to his forty yard line. A spinner brought the Pebbles to the Deer forty-five yard line. Captain Jimmy Henry, substituting for J. Glover went off tackle for six yards. D. Glover went around left end for twelve yards. The next play was a fake line buck-end run, Blaize carrying the ball around the right side and over the goal line without a hand on him. The extra point was made by Derbes who bucked center.

Captain Jimmy Henry of the Pebbles was out of all but five minutes of the first half as a result of injuries received in a scrimmage during the week. He may not be able to play at all in next Sunday's game.

The second half opened with the Pebbles receiving, and the ball swayed back and forth all during the last two periods. The Deers made a desperate effort in last six minutes of the last period when they battered the Pebble line for downs until they reached ten yards from the goal. They were held on the fourth down and the Pebbles kept the ball till the end.

Next Sunday the Pebbles travel to Biloxi for a return game with the Deers.

Score by quarters:

Sacred Heart	0	0	0	0	— 6
S. S. Pebbles	6	7	0	0	- 13

TAXES ARE INCLUDED IN YOUR ELECTRIC BILL

Few people stop to consider the importance of taxes in the cost of electric service, yet for every electric customer served Mississippi Power Company pays $10.00 each year toward the cost of federal, state and local governments. In 1926 the Company's taxes averaged $6.00 per customer.

Taxes in 1930 were four times as much as in 1925. An increase entirely out of proportion to the increase in either the value of the Company's property or the revenue recieved for the service it renders.

Increased costs have in the past been more than met by the efficiency and economy resulting from larger operations. The difference has been passed along to our customers in reduced rates.

Further increase in taxes would necessarily offset these savings and make present rates difficult to maintain and future reductions hard to justify.

Personal and General Notes of Week From Waveland and Vicinity

V. E. WEBER Box 134
Waveland, Miss.

The girls' basketball team of the Waveland school had a very exciting practice game on their court last Tuesday afternoon. While they were somewhat outplayed by the older, larger and more experienced local girls who practiced with them, they made a very good showing indeed, and their friends are quite anxious to see them in a regular game with a team in their own class.

Credit for both good individual plays and very good teamwork is due to the coach, Mrs. Edwina Wyatt, who is developing a team of which the whole school is proud.

Mr. and Mrs. W. J. Montgomery had as their guests for several days her sister, Mrs. J. B. Bains of Dallas, Texas, Mrs. L. N. Darby of Long Beach, California.

* * *

The card party held at the home of Mrs. John Morere for benefit of St. Claire Altar Society was a financial success.

* * *

Mrs. John Burg and daughter were over for the week end.

* * *

Miss B. Morere after spending several days as guest of her brother, John returned to New Orleans.

* * *

Dr. Geo. Herrmann of Galveston, Texas, visited friends here during the week.

* * *

Mr. and Mrs. John Morere motored to New Orleans during the week.

Miss Nora Rita Morere and Leona Fargot, have left for New Orleans to spend a few days with relatives.

Echoes of Recent King's Daughters State Convention in This City

Many letters received in this city from delegates attending the recent State convention in Bay St. Louis of King's Daughters are complimentary and lavish in praise of the reception and welcome accorded them while here during the three-day session.

Delegates say it was one of the most pleasant and successful conventions held here in the history of the organization. They said our people here seemed to have vied with each other in an effort to entertain. That the Weston Hotel service and personal attention added greatly to the general success which will so long be remembered.

Members of the Music Club, the speaker of the evening at the banquet and this function in itself and the many other details carried out all contributed in more than the ordinary way.

Carideo Is Married To Mississippi Girl At South Bend Stadium

Frank Carideo, former university of Notre Dame football star, married Miss Vera Crawley of Columbia, Miss., in the administration building on the Notre Dame campus Monday.

Coach Noble Kizer of Purdue university, where Carideo is now backfield coach, said the couple presumably went to Chicago, but that Carideo planned to return to Lafayette, Ind., for today's football practice.

Carideo a choice for all-American quarterback last year, gave his name as Frank Frederick Carideo, and his age 23. Miss Crawley gave her age as 22.

The ceremony was performed by the Rev. Raymond Murch, C. S. C. of Notre Dame, a close friend of Carideo.

The couple became acquainted last year when Miss Crawley was employed as mail clerk in a South Bend hotel.

The "Mississippi Bible"

In an address to newspaper men at Memphis recently, Governor-elect, Mike Connor referred to the Commercial Appeal as the "Msisissippi Bible."

Without the least desire to provoke a controversy with the good-natured and usually level-headed young man who is to direct the political affairs of Mississippi during the next four years, the Daily Times-Leader would respectfully remind Mr. Conner that his speech would have been true and timely a dozen years ago.

In the days of Carmack, Connelly and Mooney there is no denying the fact that the Memphis morning paper was a tremendous influence in Mississippi.

But times have changed and so has the Commercial Appeal.

With sixteen excellent daily newspapers of its own, Mississippi finds it no longer necessary to look outside the commonwealth for newspaper information and guidance. Several of our papers compare favorably with our big Memphis neighbor in news content, and any of them ranks higher in editorial influence.

The Governor-elect probably sought to hand the Memphis newspaper boys a nice compliment, for which we cheerfully excuse him for the moment. But he knows in his heart that the Commercial Appeal has lost its place in the sun.—West Point Times Leader.

L. & N. ANNOUNCES FARES FOR CHRISTMAS HOLIDAYS

I. V. Colly, passenger agent of the Louisvile and Nashville Railroad, announces Christmas holiday fares of one and one-third rates within the southwestern territory which embraces all points east of the Mississippi River and south of the Ohio and Potomac Rivers. Tickets will be on sale December 16 to 25 inclusive, with January 6 as the return limit. Stop overs will be allowed at all points.

PAPERS NECESSARY.

Topeka, Kansas—Sunday newspapers, by court decision, "are looked upon and have grown to be a necessity," and, therefore, their sale is no violation of the Blue Laws.

ELECTRIC REFRIGERATION
ELECTRIC WATER HEATING
ELECTRIC COOKERY

Can be yours very easily

THIS CHRISTMAS

Terms are more liberal for the holiday season. Prices are lower, too. Only a few dollars down insures delivery of either one, any two, or all three of these valued household servants. The balance can be paid with current expenses, a little each month.

Plan to give practical gifts to the whole family. These appliances are gifts any woman would love and appreciate Christmas and enjoy for the years to come. They will pay for themselves in the saving of time, energy and bother and in making the home more liveable still.

MODERN REFRIGERATION IS ELECTRICAL
ELECTRIC COOKERY IS BETTER COOKERY
HOT WATER BY WIRE IS DEPENDABLE.

According to the word of no less an authority than Connie Mack himself, the New York Yankees will give the Athletics a battle next year. The Philadelphia mentor thinks that poor pitching stopped the New York team but believes that the hurling staff will be more consistent next year, showing some of the good form exhibited in the last month of the present race. Mack is counting on his present regulars "to hang on at the top of the league next year." He believes that most of his players have another season or two in them and that the time for wrecking the club has not yet arrived.

Max Schmeling, world's heavyweight champion, will arrive in this country next month from Germany, accompanied by two sparring partners. He plans to launch a series of exhibitions throughout the continent. Meanwhile, Joe Jacobs, his manager, reports an offer of $200,000 for a fight with Mickey Walker in California. However, the New York Madison Square Garden organization maintains that it has a contract for the champion's services. This is denied by Jacobs, however. Incidentally, it is observed that the German plans to fight hereafter only on the basis of a flat guarantee, with the privilege of a percentage at his option.

Any number of feature football clashes will be staged in the country for the benefit of charity. The Western conference has arranged three games for November 28 and a "unique" foursome for Thanksgiving Day in Chicago. Chicago and Iowa will play for two periods; Illinois and Indiana will play two periods; and the winners of the two short games will meet in a thirty-minute contest. Other games planned for the 28th includes Northwestern and Purdue, at Chicago; Michigan and Wisconsin at Ann Arbor; with Ohio State and Minnesota meeting at Minneappolis. Some surprise was expressed at the decision of the conference that these games would count in the final standing of the conference.

Tommy Loughran, Philadelphia heavyweight, who seems willing to take on any and all fighters, recently won a decision over Paulino Uzcudon. Paulino's body attacks bothered Loughran for several rounds but the Philadelphian gave a pretty exhibition of boxing skill most of the time, clearly out-boxing his rival despite the Basque's determined efforts. You have to hand it to these boys for a willingness to fight, while most of the heavyweights are dodging anything like a real battle.

The success of the St. Louis Cardinals with "chain store" baseball made it only a question of time before other big league clubs followed suit. The announcement that Jacob Ruppert, owner of the New York Yankees, has purchased the Newark club in the National League indicates that the system is spreading and that unless something is done to curb the tendency, before many years most of the major league teams will have minor clubs to furnish them with their stars. Ruppert, of course, denies that he is embarking on a series of "chain store" baseball enterprises, but, nevertheless, he now owns two clubs. While the chain store idea in baseball has been frowned upon by Commissioner Landis, the signal triumph of the Cardinal's system practically compels other teams to compete with St. Louis on the same basis.

It may interest readers to know that American outdoor swimmers, during the season that has just closed, failed to equal their performances in 1930 and suffered a crushing and unlooked for defeat in the dual meet with Japan at Tokyo. While Clarence Crabbe, of Los Angeles, Maiola and Manuella Kalili, of Hollywood, and Helene Madison, of Seattle, failed to duplicate their 1930 achievements, the exploits of two young swimmers, James Gilhula, of Detroit and Katherine Rawls, of Hollywood, Florida, coupled with fine work in relay competition, provided some pleasant surprises.

Foolball observers are acclaiming Ernest "Pug" Rentner, Northwestern big threat, whose sweeping dashes have time and again turned defeat into victory. In the first six games of the year, he handled the ball 119 times and is credited with an average gain of nine and one-tenth yards a thrust. From scrimmage he has averaged more than six yards a play.

News from Australia tells us that Phar Lap wonder horse, winner of almost $300,000, is coming to Mexico to race in the rich Agua Caliente handicap early in March. If the Australian horse can come through and cop the $100,000 stake his record winnings will go past those of Sun Beau, present money champion of the world. Phar Lap is a big 5-year-old with a great record in Australia, where he has been giving rivals anywhere from 25 to 50 pounds

Charity will get a lot of money and football fans a lot of thrills from the extra games to be played this season after the close of the regular schedules. The Army-Navy clash in New York on Dec. 5 is expected to bring in $400,000. There are countless other clashes being arranged in every section of the country.

Regardless of the games Saturday the experts are classing Southern California, Notre Dame, Tulane and Tennessee as the topnotchers of the gridiron this year. There are others who have gallant records, including Northwestern, Georgia, Pittsburgh and Harvard, but for one reason or another the big four are placed with a little doubt about Tennessee's right to its position on account of the fact that its schedule has not been as rugged.

BUSTER MALLINI KNOCKS OUT OWEN DUVERNAY IN SIXTH

Kiln Killer Badly Battered Clever Clown to Score 4 Knockdowns and Regain His Old Popularity.

Buster Mallini of Kiln, Miss., regained his old popularity with New Orleans fans when he knocked out Owen Duvernay, local welterweight, in the sixth round of a fast and hard-slugging bout scheduled for 10 rounds at the Coliseum Monday night.

The Kiln battler started fast and never let up on his opponent, flooring him twice in the second round, and though Duvernay tried gamely to win after that, he could not keep away from Buster's damaging rights to the head.

Badly battered and bleeding, Duvernay was knocked down again in the fourth round as the bell saved him. The fifth was a wild affair and Duvernay had to be dragged to his corner. As the sixth opened Mallini knocked him down for nine and with Duvernay bleeding and helpless Referee Moran stepped in and stopped the fight and awarded it to Mallini on a kayo.

Mallini weighed 157 pounds; Duvernay 155½.

May Fight Prevost.

Mallini has been offered a bout with Sargis Prevost in Biloxi on December 1, but has not come to terms with the Biloxi Legion Post matchmaker.

NEW GAS WELLS AT JACKSON.

Production was run up approximately 80,000,000 cubic feet through two new gas wells brought in the Jackson field Sunday. The first to come in was the McGuire-Motor No. 1, drilled by Wilson McGuire. The second well completed was the Ball Park No. 1, drilled by the Buck Granstaff interests which ran wild two weeks ago.

NOTICE OF TRUSTEE'S SALE.

Whereas, on the 26th day of July, 1930, Mrs. Alice E. Thiel and Chas. A. Thiel, Jr., executed a Deed of Trust to W. J. Gex, Jr. Trustee, to secure an indebtedness therein mentioned and described to the Merchants Bank & Trust Company, which Deed of Trust is recorded in Vol. 26, pages 99-102 of the Records of Mortgages and Deeds of Trust on land in Hancock County Mississippi, and

Whereas, the said indebtedness so secured by said Deed of Trust is long past due and unpaid, and the said Merchants Bank & Trust Company the legal holder thereof under the provisions of said deed of trust, elected to and did on the 27th day of July, 1931, appoint Ethel H. Gex as substituted trustee in the place and stead of W. J. Gex, Jr., Trustee, which appointment was in writing and is duly recorded in Vol. 27, pages 26-27 of the Records of Mortgages and Deeds of Trust on land in Hancock County, Mississippi, and

Whereas, the said Merchants Bank & Trust Company, the legal holder of said indebtedness, having requested me, the undersigned Substituted Trustee, to foreclose said Deed of Trust,

Now therefore, I, will on

MONDAY, DECEMBER 7TH, 1931

between the hours of 11 A. M. and 4 P. M. offer for sale and sell to the highest bidder for cash, in front of the County Court House Door of Hancock County, Mississippi, the land situated in Hancock County, Mississippi, and described in said Deed of Trust as follows, to-wit:

That certain tract or parcel of land described in a certain deed from W. A. McDonald to the Grantor herein, which deed is dated the 18th day of June, 1921, and recorded in Book D-3, page 118 and which is described as follows:

Lots 1, 2, 3, Block 40 of the Bay St. Louis Land and Improvement Company's First Addition to the Town of Waveland. Also that part of Lot 38 described by extending back the N. E. and S. W. lines of Lot 29 back to and intersecting the South line of the Bay St. Louis Land and Improvement Company's First Addition to the Town of Waveland, being the N. E. 51 feet more or less of said Lot. All above described land being in the Second Ward of the Town of Waveland, Mississippi.

Also that certain tract described in a deed of conveyance from Ethel Bowe Schwartz to Charles Thiel and deeded the 4th day of March, A. D. 1927, and recorded in Book D-O, pages 313-314 of the Records of Deeds of Hancock County and more particularly described as follows:

A twenty foot strip of land across the Western end of the following described property: "Commencing at a stake set at the Southeast corner of Section 3, T. 9, S. R. 14 W., thence running West 20.33 chains to a stone monument, set for the Southwest corner of the SE¼ of the SE¼ of said Section, township and range; thence North 5 chains to an iron stake, thence East 20.33 chains to an iron stake, thence South 5 chains to the place of beginning, being the Southern portion of Lot No. 105, of the Second Ward of the Town of Waveland, said County and State, as per the plat of said Town made by E. S. Drake, surveyor.

It is the intention of the grantor herein to convey hereby twenty feet across the Western line of the said Southern portion of Lot No. 105, as above described; or the same twenty foot strip which was excepted in a deed from the grantor herein to Mrs. G. Gordon Smith dated June 24th, 1925 and recorded in Vol. D-7, page 389, of the Deed Records of Hancock County, Mississippi, in which deed it was erroneously stated that the said twenty foot strip had been theretofore reserved for the purposes of a street.

Also that certain piece of land described in a deed of conveyance from Mary Young to Charles A. Thiel, Jr., and dated the 5th day of May, 1902, and which deed is recorded in Book A-3, pages 27-29 inc., of the Deed Records of Hancock County and which is more particularly described as follows:

All those tracts or parcels of land with all the improvements thereon, and all rights, ways, privileges and appurtenances thereunto belonging, situated, lying and being in the County of Hancock, State of Mississippi, within the corporate limits of the Town of Waveland; one thereof comprising the several lots numbered Thirteen and Fourteen on a plan of the lands of J. A. Ventress, deceased, made by J. C. Monet, surveyor on July 14th, 1849, measuring two hundred feet front on the Bay of St. Louis or Mississippi Sound and running in a straight line back to the boundary line of the Northeast Quarter or Lots Nos. One and Two of Fractional Section No. Ten in Township No. Nine, South of Range No. Fourteen West; bounded on the Northeast by lands of the Roman Catholic Church; on the Southeast by the Bay of St. Louis or Mississipi Sound and on the Southwest by lands formerly of E. J. Bryan, hereinafter described. And the other thereof measures more or less, Fifty-one feet front on the Bay of St. Louis, or Mississippi Sound and extends back in depth from said Bay of St. Louis, between parallel lines, Twelve Hundred feet. Being bounded on one side by the above described tract of land and on the Southwest or other side by lands formerly of Mrs. V. L. Ford Moore this day conveyed unto H. H. Price by the present grantor. The tract above firstly described was acquired from L. T. Ventress et als by a deed of date April 5th, 1892, of record in Book O, folios 556 and 557 of the Clerks office of Chancery Court of Hancock County, Mississippi, and the tract hereinabove secondly described, was acquired from Edward J. Bryan by deed of date of June 19, 1891 of record in Book N, folios 605 and 606 in the Clerks office of Chancery Court of said Hancock County, Mississippi; said Edward J. Bryan having purchased it from Jeannette Lissa by deed of date of June 10th, 1890 and of record in Book N, folios 61 and 63 in the Clerks office of Chancery Court o Hancock County, Mississippi. Said above last described land is further described as Lots 24 to 29 inclusive of the Third Ward of the Town of Waveland, as per Drake map thereof.

I will convey only such title as is vested in me as substituted trustee, which I believe to be true.

Advertised, posted and dated this the 6th day of November, 1931.

ETHEL GEX,
Substituted Trustee.

PETITION FOR PARDON.

TO HIS EXCELLENCY,
THEO. G. BILBO, GOVERNOR,
Jackson, Miss.

Dear Governor:—At the September Term, 1931, of the Hancock County Circuit Court, Bay St. Louis, Mississippi, Autie (Art) Kyzar, was indicted and plead guilty to Manslaughter and was sentenced by the Circuit Judge to serve for a period of Five (5) Years in the Mississippi State Penitentiary.

Mr. Kyzar is a young man, with a wife and one small girl, who are entirely dependent upon him for support. A man was killed in Hancock County, Miss., and Mr. Kyzar and another man were indicted for murder, but Mr. Kyzar plead guilty to Manslaughter, taking all blame for the killing upon himself, the case against the other man was Nol Prossed. This is the first time that young Mr. Kyzar has been into trouble, and there is serious doubt as to Mr. Kyzar's guilt in this connection. It seems that he took all blame for the killing upon himself in order to protect the other fellow, and thus he gets all the credit for the killing.

In view of all the facts and circumstances surrounding this case, we believe that Mr. Kyzar should be pardoned, or at least, given a suspension of sentence. We believe that he has been sufficiently punished and that the ends of public justice have been met, especially when there is such grave doubt as to his guilt.

Respectully submitted,
TOM C. CRAWFORD,
D .F. GILLEY,
JOHN S. GRYDER,
AND 36 OTHERS.

NOTICE OF TRUSTEE'S SALE.

Whereas, on the 6th day of October, 1925, E. G. A. Scully and Mrs. E. G. A. Scully, executed a Deed of Trust to A. B. Russell, trustee, to secure an indebtedness therein mentioned and described to Merchants Bank & Trust Company, which deed of trust is recorded in Vol. 20, pages 128-30 of the Records of Mortgages and Deeds of Trust on land in Hancock County, Mississippi, and

Whereas the said indebtedness so secured by said Deed of Trust is long past due and unpaid, and said Merchants Bank & Trust Company, the legal holder thereof under the provisions of said deed of trust, elected to and did on the 7th day of November, 1931, appoint Ethel H. Gex, as substituted trustee in the place and stead of A. B. Russell, Trustee, which appointment was in writing and is duly recorded in Vol. 27, page 87, of the Records of Mortgages and Deeds of Trust on land in Hancock County, Mississippi, and

Whereas said Merchants Bank & Trust Company, the legal holder of said indebtedness, having requested me, the undersigned Substituted Trustee, to foreclose said Deed of Trust,

Now therefore, I will, on

MONDAY, DECEMBER 7TH, 1931,

between the hours of 11 A. M. and 4 P. M., offer for sale and sell to the highest bidder for cash, in front of the County Court House Door of Hancock County, Mississippi, the land situated in Hancock County, Mississippi, and described in said Deed of Trust as follows, to-wit:

A certain lot of land with its rights and appurtenances situated in the First Ward of the City of Bay St. Louis, Hancock County, and State of Mississippi, described as follows: Beginning at a point on the North line of Ulman Avenue, at the Southwest corner of Lot 512 assessed to Will T. McDonald; thence running North 70 degrees West along the North line of Ulman Avenue 100 feet; thence North 20 degrees East along the East line of the land of L. A. & Rene De Montluzin, 209 feet, more or less, to the South line of Lot B, of Lot 502, assessed to Rita L. Breath; thence South 70 degrees East along the said South line, 50 feet; thence South 20 degrees West along the West line of Lot A of Lot 507 assessed to H. S. Lillius, 70 feet; thence South 70 degrees East along the South line of the said Lillius's lot, 50 feet; thence South 20 degrees West along the West line of the said McDonald's lot, (lot 512) 139 feet, more or less to place of beginning.

The two lots fronting on the North line of Ulman Avenue are designated as Lots 513 & 514, First Ward, as per the revised official map of said City filed in the office of the Chancery Clerk of said County on June 2, 1913, and are also designated respectively as Lots 3 and 4 of the Ulman Subdivision Plat, recorded in Vol. S, pages 200-5 of the records of deeds of said County.

Said Lot 513 (Lot 3 of Ulman Plat) is the same lot of land conveyed by M. A. Saucier to L. A. de Montluzin by deed dated August 8, 1901. Said Lot 514 (Lot 4 of Ulman Plat) is part of the same land conveyed by Heirs of Jas. A. Ulman to L. A. deMontluzin by deed dated Dec. 7, 1895, said deeds being recorded respectively in Vols. A-1, page 293 and in Vol. S, pages 349-351 of the records of deeds of Hancock County.

The rear portion of the above described land—50x70, rear of Lot 514—may be known as the West 50 feet of Lot B of Lot 507, First Ward, as per the aforesaid City map, and is a part of the same land conveyed by F. C. Bordages, Sr., to L. A. deMontluzin, by deed dated Nov. 3, 1905, and recorded in Vol. B-1, pages 580 aforesaid deed records. All being the same land as was acquired by the said Rene and L. A. De Montluzin, Jr., from their father by inheritance and from the other heirs by deeds which are of record.

I will convey only such title as is vested in me as substituted Trustee, which I believe to be true.

RONALD COLMAN PORTRAYS NEW ROLE AS RECKLESS ADVENTURER IN GOLDWYN'S "THE UNHOLY GARDEN;" ACTION ABOUNDS

"Beloved Rogue" of Screen Exerts Tremendous Appeal in Swashbuckling Adventures of Kid-Glove Robin Hood Among Thieves.

NO available biography of Ben Hecht or Charles MacArthur properly records the fact that the authors of "Front Page" alternate their periodic challenges of Jed Harris's (nee Horowitcz) Messianic purpose in the arts with an occasional excursion into the Scriptures.

For the basis of the newest story to come from Mr. Hecht and Mr. MacArthur is the Mosaic admonition, "Ye shall appoint your cities to be cities of refuge for you." (Numbers XXXI, 11).

It is to modern cities of refuge that their title, "The Unholy Garden," refers. Always, there have been cities of remote from the policed paths of civilization, where men might hide from the law. Mankind has had deep in him the belief that his brother deserved a running chance.

Once there were many cities like the Algerian outpost described by Hecht and MacArthur in "The Unholy Garden." Transportation was difficult and took much time. Communication had not yet been thought of in the sense that we know it now. Identification of criminals was possible only in person. The ancient laws took "the right of asylum" in dead earnestness. Extradition for most crimes was impossible. For only one or two offenses against the person (and not against the state) could a man be expelled from the country to which he fled for safety.

Possibly a dozen cities remain on the face of the earth as "unholy gardens," where criminals gather to await forgetfulness of their sins by the law.

"The Unholy Garden," portraying the infamous hidden town of Orage in Algeria, is not the first of these cities of refuge to be shown on the screen, perhaps as suggestions to Al Capone and other "public enemies." "China Express" graphically portrayed Harbin, on the borderland of Manchuria. The fine narrative of the building of the Taj Mahal, "Shiraz," showed the Midnapore country in India, where many notorious criminals congregate.

An earlier Ronald Colman picture, "Condemned!" included a glimpse of Pernambuco and Caracas, which offer a limited kind of salvation of the criminal. Venezuela will not allow its police forces to be used for the arrest of criminals wanted for foreign crimes, nor will it extend extradition to men accused of offenses punishable by death. These are among the few cities that remain.

"The Unholy Garden," will be shown at the A. & G. Theater, Bay St. Louis, Sunday and Monday nights.

Chief Justice Hughes In Tribute to Red Cross

One of the finest tributes ever paid the American Red Cross and its membership was that by Chief Justice Charles Evans Hughes, of the United States Supreme Court, on the occasion of the fiftieth birthday anniversary of the organization on May 21 of this year. Mr. Hughes said:

"The American Red Cross represents the united voluntary effort of the American people in the ministry of mercy. It is the finest and most effective expression of the American heart. It knows no partisanship. In the perfection of its cooperation, there is no blemish of distinctions by reason of race or creed or political philosophy.

"However we may differ in all things else, in the activities of the Red Cross we are a united people. None of our boasted industrial enterprises surpasses it in efficiency. . . . It moves with the precision and the discipline of an army to achieve the noblest of human aims.

"The American Red Cross is not only first in war but first in peace. The American people rely upon its ministrations in every great catastrophe. It has given its aid in over one thousand disasters. When, as we hope, war will be no more, still the Red Cross, in the countless activities of relief and rehabilitation, will continue to function as the organized compassion of our country."

Did You Know That—

Ronald Colman has never commercially endorsed any product of any kind . . . Hates uniforms of any kind. . . . Has driven an automobile in every picture since "Beau Geste" . . . Has a married sister living in York, England, and another in Australia. . . . Never makes appointments that he doesn't intend to keep, and keeps them on the second. Planned to sing a song in "The Unholy Garden" but didn't. . . Ronald Colman is lazy, and will not make more than two pictures a year. . . . That he boasts of how few pictures he makes, and how good. . . . That in the five month intervals between his studio work, he isn't seen or heard of by the Samuel Goldwyn executives. . . . That he will not permit an unauthorized answer to a single fan letter. . . . That "Beau Geste" was his favorite picture,—until he made "The Unholy Garden?"

THE ECHO'S COOKING CLASS

During the sweet potato season in the South(no dinner is considered complete without a sweet potato dish. No vegetable, unless its season is very short, can stand such popularity without a change in the preparation of the dish. Try a new way before your family becomes lukewarm toward the sweet potato. There are many simple variations which will completely change the old-time baked sweet potato.

Mashed Sweet Potato

Boil potatoes, peel and mash. Add 2 tablespoons of butter, one-fourth cup of milk, and from one-half to one teaspoon of salt to 3 cups of potatoes. Put in baking dish and cover with marshmalllows with cocoanut and brown in oven.

Orange Sweet Potatoes

Boil, peel ,and cut 3 large sweet potatoes into thick slices. Arrange in layers in a baking dish, scattering each layer generously with brown sugar and bits of butter. Sprinkle ligthly with paprika. When dish is full, pour in three-quarters of a cup of orange juice. Bake in oven 350 degrees for forty minutes.

Sweet Potato Pone

Grate enough sweet potatoes to make three cupfuls. Add one-half cup of melted butter, one cup of brown sugar, and 2 well beaten eggs. Pour in one cup of milk and flavor with ¼ teaspoon of cinnamon and nutmeg, also a few broken pieces of orange peel. Mix thoroughly and bake in a buttered pan 45 minues in an oven 325 degrees. Stir while cooking.

Sweet Potatoes With Pork

Bake and skin sweet potatoes, and place around your pork roast when nearly done. Serve together on a platter with pork gravy.

Sweet Potato Pie

Line pie pan with pastry. Fill with the following mixture: 1½ cups of mashed sweet potatoes, 1 cup sugar, 1 cup milk, 2 tablespoons of melted butter, 2 eggs beaten separately and ½ teaspoon of lemon extract. Mix thoroughly and bake in oven 400 degrees until done. Serve with coffee.

CURRENT COMMENT

ARMISTICE DAY speeches, although carefully prepared, and for the main part well worth listening to, contained little that was new. Most of the orators, generally men of experience, preached from the text that the best way to avoid war is to be ready for it, qualifying the maxim, in some instances, with the observation that too much money should be spent just now. In the old days, when champions of contending armies used to engage in personal combat, David killed Goliath with a stone and a sling-shot. The Armistice Day remarks were no endorsement of David's pebble.

GOOD TO OPEN EXPLANATION WITH LINES OF POETRY.

A raise in taxes seems to be coming, but there is not agreement as to the form which the raise should take. Considering that nobody likes taxes, any legislator with a plan to offer, might well open his explanation with a sentence from the old hymn:

"Hark, from the tombs, a doleful sound,
Thine ears attend the cry."

And in view of the proneness of many to depart from the rigid truth in making tax returns, the balance of the stanza might also be quoted:

"Ye living men come view the ground
Where you must shortly lie."

ABILITY, FIDELITY AND SELF-SACRIFICE OF "GENERAL MA."

A Chinese military official brought into notice by the hostilities in the Far East, goes by the terse name of "General Ma." One does not have to be Chinese, or acquainted with matters of war, to be able to vouch for the ability, ficlelity and self-sacrifice of General Ma.

In the ceremonies attendant upon the thirteenth anniversary of the cessation of hostilities in Europe, the name of the late President Wilson was widely and repeatedly mentioned. It may be said of him, as was said of one of his predecessors in office, that he belongs to the ages. It is sometimes forgotten that he belonged also to the Democratic party. Although the Republicans are not boasting of late achievements, we are given to understand that they saved the Union, won the Spanish-American War, linked the coasts by the first trans-continental railroad, and did other honorable things too numerous to recount. The name of Mr. Wilson need not be surrendered so completely to non-partisan history, that Democrats must forget that he was of their number, and that it was a Democrat who, in the greatest conflict that a century has known, bore the nation's burden through many a bitter day.

SUBURBAN VS URBANITES.

Commuters long have furnished material for cartoons and skits in the comic pages, and it is to be suspected that those who eat and sleep right in the heart of things look down with patronizing superiority upon their friends who prefer a more quiet environment after the day's work is done. A New York paper confirms this suspicion. An account of the doings in a state prison, many miles away, is published under the heading: "The Suburbs."

SIGNS POINT TO PEACEFUL AND KINDLY RELATIONS OF LONG DURATION.

The Dominion of Canada has expended about fifty million dollars on public works, to tide over her present dearth of employment. This is but another indication of the initiative and progressiveness of our neighbor to the north. Few things are more pleasing to citizens of the United States than the vigor of Canada and the expansion of mutual understanding and friendly relation between the two lands, the latest indication of which is the joint effort to promote the St. Lawrence waterway. The annexation ghost, never a clearly observed phenomenon in the United States, no longer walks in the Dominion; each nation realizes that its own interests are best promoted by the example and friendly cooperation of the other, acting as an independent sovereignty; and all signs point to a peaceful and kindly relation of long duration.

MOVEMENT TO COUNTRY WOULD ALLEVIATE MISERY OF THE CITY.

A statesman suggests that much of the misery of the cities would be alleviated by a movement of the population toward the country. The force of his views is not impaired by the thought that this has been urged before, or by the statement that it is hard to make a farmer out of a subway guard. The migrating generation might be inconvenienced, but the next would be better off, and welfare of the whole land unquestionably would be advanced. Goldsmith's lament for the Deserted Village was more than a mournful poetic outburst It was a profound and philosophical state paper, the substance of which is stated in two of its lines:

"But a bold peasantry, their country's pride,
When once destroyed, can never be supplied."

DECREASE IN HOARDING OF MONEY CHEER FINANCIAL CIRCLES.

Financial circles are said to be "cheered" by the decrease in hoarding money. A man who have away two million dollars or so, died a few days ago in Washington. He did not believe in hoarding. A half-dozen persons were interested enough in him to attend his burial. The incident does not detract from the beauty and utility of generosity. It is, however, a somewhat pointed reminder that beneficiaries often become so "cheered" by benefits received, that the misfortune of their benefactors are too gloomy for them.

IN CLEARING UP EVOLUTION SOMEONE SAYS.

In clearing up evolution to the satisfaction of everybody, a newspaper quotes someone as saying:

"We are compelled to return to a creative concept of evolution. For this concept the term 'aristogenesis' is provisionally suggested until the classicists can furnish us with a single term signifying the creative origin of the adaptive."

He may be right, but as a general enlightener of humnaity, an advertiser in an adjoining column is to be preferred. He states his case thus: "Cash paid for false teeth."

NEXT time you are out of fix as the result of irregular or faulty bowel movement, try Thedford's Black-Draught for the refreshing relief it gives thousands of people who take it. Mr. E. W. Cecil, a construction superintendent in Pulaski, Va., says: "When I get constipated, my head aches, and I have that dull, tired feeling—just not equal to my work. I don't feel hungry and I know that I need something to cleanse my system, so I take Black-Draught. We have found it a great help." *Sold in 25-cent packages.*

FIGHT ON DRY LAW IS LOOMING UP BY ORGANIZED FORCES

Champion of Both Sides of Question Gathering Evidence for Submission to Congress.

Washington, Nov. 17.—Anticipating renewed hostilities this session, citizens organizations for and against prohibition are piling up ammunition for their champions in Congress.

Anti-prohibition attacks are foreseen in three directions: Modification moves, constitutional convention proposals, and efforts to defeat enforcement appropriations.

Edwin C. Dinwiddie, executive secretary of the national prohibition board of strategy announced today his forces were ready.

"We are in possession of the field, but we've got to keep the lines and see that the machinery is oiled," he said.

In the same building with the prohibitionists—the National Press building—the Association Against the Eighteenth Amendment is gathering figures to promote repeal. It has adopted submission to constitutional conventions as the stepping stone to the goal, and expects to work for it in this session of congress as well as in both Democratic and Republican conventions.

Modificationists likewise are prepared to plead their cause through publicity while exercising the prerogative of keeping Congress informed directly of the organized sentiment they represent. With the leadership of the American federation of labor seeking beer, and with the American Legion demanding a referendum, this group will have its listeners in the capitol.

Dinwiddie has issued a preliminary call for the yearly national conference of organizations supporting the eighteenth amandement—about 33 of them in all. This gathering early next month will outline a legislative program.

Defense of existing laws is No. 1 on the board's plan for using the $100,000 or more it expects to collect in dimes at the end of this month.

The board asked about 40,000 preachers for cooperation in raising a "popular contribution" to combat the "millionaire's donations" they assert are assisting the antis. Direct requests for about 700,000 coin-cards—in which the dimes are to be inserted and mailed to Washington—already have been received.

The money will be used also in an attempt to get dry planks in the party platforms in 1932, and to get a dry president elected, it was explained.

PASCAGOULA TAX LEVY WILL REMAIN UNCHANGED

Pascagoula, Miss., Nov. 23.—The city council of Pascagoula has levied an ad valorem tax of 34 mills for the year 1931, apportioned as follows: General purposes, 7 mills; general improvement except improvements for which special levies are made, 4 mills; school purposes 12 mills; bond redemption and interest 11 mills. The levy is the same as that for last year. The council reduced its budget by about $16,000 from that of last year, but is unable to reduce the tax rate owing to the decrease in the value of personal property assessed for taxes, and also to the fact that $8000 taxes due last year were not paid.

HOG KILLING DAYS ARE HERE AGAIN TO FILL SMOKEHOUSES

Source of Farm Income Long Neglected Returns to Importance as Farmers Prepare for Delights of Country Life

Hog killing time, long a seasonal institution of the South but sadly lacking during recent years, with cold weather will reappear on an enlarged scale as farmers throughout the state lay in their winter food supplies and prepare to laugh at Old Man Depression, according to J. C. Holton, commissioner of agriculture.

"Increased pork production offers a major field of activity in most instances in which farm schedules are rearranged in accordance with the times, and presents a definite asswer to the query, "what can we do with acres released from cotton production?"

"Pork production was once an important farm activity in Mississippi, and a source of considerable farm iscome. During the years 1916 to 1920 our farmers produced around 2 million hogs annually, hundreds of carloads were shipped to the packing centers, and in a number of counties hog income compared favorably with cotton income. Plentiful supplies of meat and lard were prepared at home. and the saving in living costs so effected made profit more apparent from other sources of farm income.

"More recently, however, hog production has declined. The low years were in 1925-26, when we produced less than 700,000 head, and in 1930 we produced only about three-quarters of a million hogs. Shipments to distant markets have almost ceased, and money from that source sacrificed. Insufficient quantities for home use were produced, necessitating increased expenditures for food. And all over Mississippi farm folks missed the rare joy of hog killing time—fresh backbone and spare ribs, pigfeet, brains and eggs, and chitterlings.

"They are coming back, these hog killing days, bringing new hope to farmers mired in the penalty of one-crop production. More hogs mean more cash money, a profitable market for feed crops, and one practical means of diversified farm production. More hogs mean less expense for food, and better and more palatable food, with the assurance of comfortable living even if money be scarce. More hogs mean less cotton and the prevalence of that type of farming which is necessary now and will prove to be of permanent superiority."

Try This On Your Super-Super-Hetrodyne!

Says Earl Marvin in the Beatrice (Neb.) Sun: "Heres' a problem which one of the customers climbed the stairs to present to me. The story goes thusly:

A traveling man moved into a hotel for a week's stay. He handed the proprietor a $100 bill requesting him to put it in the safe, which the hotel man did.

Shortly thereafter the grocer came in and presented his account for groceries. The hotel man just borrowed the $100 piece of currency and paid the grocer.

The grocer met the hardware dealer and he paid him with the same piece of currency.

The hardware man owed the clothing store a like amount, so he lost no time in paying his bill.

Then the clothing man, who owed the hotel keeper $100, paid him with the same bill.

The hotel man put the note back in his safe.

When the traveling man was ready to leave, he paid the account with money from his pocket and called for his $100 bill which the hotel man turned over to him.

The traveling man tore up the bill and when the hotelkeeper registered astonishment, said that it was counterfeit.

Now the question is: Who was the loser?"

For the most nearly correct answer to the above puzzle, written on white or brown paper with pen, pencil or charcoal, the Racket will exchange two complimentary tickets to the Northwestern-Notre Dame Football game. The game was played several weeks ago and resulted in such a tie that supporters of the teams are still arguing.

Here's your chance, ladies and gentlemen, to obtain evidence that will permit you to settle any arguments you may hear. Simply tear off the stubs of the tickets and you will have proof that you were on the sidelines that rainy, rainy day.

But you'll have to hurry! Send in your answers today or yesterday, if you can. As soon as you are adjudged the winner, we will forward the tickets . . . . . if we can find them.

Positive Proof of FORD ECONOMY

City of Detroit purchases 137 new Ford cars Hundreds now in use prove low cost of operation

THESE 137 new Ford cars represent one of the largest deliveries ever made to a municipality at one time.

21 radio-equipped Ford scout cars were traded in on this purchase. They had been operated day and night for two years in heavy traffic and all kinds of weather.

Their individual records ranged from 73,434 miles to 143,723 miles with a grand total of 2,283,097 miles. The operating cost of the 21 cars was 2.284 cents a mile—less than 2 1/3 cents. This cost included all fuel, oil, tires, repairs and every other item except depreciation and insurance.

Of 577 Ford cars in Detroit City service, the 300 in the Police Department traveled a total of 6,591,937 miles during the past fiscal year, at an average cost of 2.9 cents a mile.

Many claims have been made on operating costs, but here in the carefully kept motor car records of the City of Detroit is positive proof of Ford economy.

In the paragraphs above, it is seen that 21 Ford scout cars averaged less than 2 1/3 cents a mile and 300 Ford cars in all branches of Detroit police work averaged 2.9 cents a mile!

Day and night, twenty-four hours a day, these Ford cars are in operation. Few branches of transportation demand such grueling service. The records show that low fuel and oil consumption is but one of the Ford's many economies. Ford materials, simplicity of design and accuracy in manufacturing provide unusual strength, stamina and freedom from replacements and repairs.

The individual car buyer as well as the purchasing department of a city or a business cannot afford to ignore the proved economy of the Ford car.

CITY ECHOES.

—Mrs. Harlow Ballard and beautiful young daughter, of Memphis, Tenn., are down visiting under the parental roof of Mr. and Mrs. John Osoinach and are here for an indefinite visit.

—Mr. and Mrs. Adam Lorch of New Orleans took advantage of the spring-like weather last week-end and spent a few days at the family summer villa on the beach boulevard, and plan frequent such visits for the season.

—The Thanksgiving turkey given away by the King's Daughters during their benefit party Monday afternoon at Hotel Weston was captured by Mrs. J. W. Pearce, residing in Leonhard avenue, who was justly proud of the beautiful bird.

—Mr. and Mrs. Walter J. Gex, Jr., and the baby, have enjoyed a visit from Mrs. Gex's mother, Mrs. (Dr.) Eldrige ,of Abbeville, La., whose periodical visits to the gulf coast are always an occasion of pleasure to a wide circle of friends.

—Miss Francis Virginia Elliott came over from New Orleans Wednesday night to spend the Thanksgiving holidays with her parents in Union Street. Miss Elliott will return Sunday night to resume her studies in the Crescent City.

—Mr. Horace W. Avery, who has subleased his dwelling on North Beach Boulevard, as noted in these columns last week, has gone East and plans to be absent for a period during which he will attend to business interests. He plans to return South at a later date, possibly after the holidays.

—Mr. and Mrs. Eddie Sporl, who have been spending the week-end at the Sporl home on the beach near Washington, visiting the family, motored back to New Orleans Monday morning, Mrs. C. A. Sporl and younger members of the family are remaining for Thanksgiving and for an indefinite period thereafter.

—Miss Lou Faust, residing in Carroll avenue, and an aunt of Mrs. Leonhard was the victim of an acute attack of indigestion at an early hour Sunday morning and for several days was quite ill as a result. However, it is pleasant to note the patient has recovered from her severe illness and is now on the high road to recovery.

—Two store buildings, in process of construction opposite the L. & N. R. R. Depot, owned by Philip Levine, are nearing the stage of completion. It serves as a solar plexus to present conditions and an earnest of the near approach of normal times. Mr. Levine, of Biloxi, who owns more commercial property in this city than anyone else, has manifested his faith in the future of Bay St. Louis.

—"Thank God for Peace," is the title of another beautiful poem from the pen of David E. Guyton, of Blue Mountain ,Miss., whose poetry has appeared from time to time in late issues of The Sea Coast Echo, Mr. Guyton a valued and appreciated contributor to this paper, and numbering with the various talented writers whose literary products appear in these columns fom time to time.

—Mrs. John N. Stewart, of New Orleans, who is spending a while at the family home on the beach boulevard, returned a few days ago from an extended automobile trip which took the party through Louisiana over into Houston and San Antonio, Texas, and deep down into Old Mexico. The trip was one of thorough pleasure, supplemented with the ideal late fall weather. Included in the trip was Mrs. Cartwright Eustis, sister of Mrs. Stewart.

—Dr. D. H. Ward was among the physicians from Bay St. Louis attending the annual convention of Southern physicians at New Orleans last week. Dr. Ward says it was an interesting and most constructive meeting that the profession has ever attended. The display of surgical instruments and appliances, new to the profession, was a revelation. Science has made marked advances and the convention was substantial manifestation of this fact.

—Mrs. John N. Stewart and family came out from New Orleans during the early part of the week and are spending the Thanksgiving period at their beautiful beach home on South Beach Boulevard, one of the anticipated family reunions. The Stewart home has been in the hands of renovators and decorators, and, with other added improvements, has undergone a marked transition, the new interior as well as the exterior marking it with the other outstanding coast homes.

—Added interest in golf playing makes the great outdoor pleasure more popular. At Pine Hills, almost daily, are noted numbers of players from Bay St. Louis and Pass Christian. The number of golf devotees is increasing and such enthusiasm as manifested on the links bear out this fact. The links at Pine Hills are in splendid condition and offer playing under most favorable circumstances. Of the fair sex, Miss Marie Bertrand of Pass Christian, is frequently seen at Pine Hills, whose scores are better than the average.

—By invitation, City Attorney Robt. L. Genin, was special speaker at chapel exercises Friday morning at Bay High School, his subject, The Constitution of Our Country. A student on the subject, Mr. Genin gave the seniors and members of other classes a most illuminating discussion and it was unanimously voted as one of the best addresses delivered this season to the student body and teachers of Bay Hi. From time to time prominent local professional and business men are invited to speak to the students, a feature instituted by Prof. S. J. Ingram, city superintendent, last year, and which has not only proven popular but of much value. It is a pity the public misses these splendid lectures and addresses which are given from time to time.

Bay Golfers Play Return Match At Mobile Country Golf Club

Bay golfers represented by C. C. McDonald, Robt. L. Genin, Fred A. Wright, A. K. Roy, Sidney W. Prague and L. S. Elliott, journeyed over to Mobile, Sunday morning where they played a return series of games to a number of Mobile golfers who a few Sundays ago played at Gulfport.

The Bay St. Louisans tied two matches and won one. The foursome of Genin and Elliott tied their opponents. The foursome of Prague and Wright won over the Mobilians, while McDonald and Roy tied their contestants. Hence it will be seen by those familiar with golfing what a pertty series this was.

Members of the visiting team and a number of Mobilians sat to a luncheon served at the Mobile Country Club, when the contest was held, and enjoyed the day in thorough fashion.

Bay St. Louis golfers are loud in their praise of the manner in which they were received and are still boasting of the unbounded hospitality extended. Among the Mobile players were Messrs. Arceneaux, Anderson, Guillot, Harry Kahn, well-known devotees of the links.

—Mr. and Mrs. Ludger Mauffray send messages from their Louisiana home to the equally happy grandparents, Mr. and Mrs. Joseph O. Mauffray, that a little daughter has come into the happy family circle and brings added sunshine.

—Hon. E. W. Driver, mayor of Monticello, Miss., accompanied by Mrs. Driver are here for Thanksgiving and are visiting Mr. Driver's sister, Mrs. W. W. Stockstill and brother, H. Wilbur Driver. They motored down and had a fine trip.

—Miss Norma Gex, daughter of Mr. and Mrs. E. J. Gex, and senior at Ole Miss., is home from Oxford on a Thanksgiving visit to her parents and their family and plans to remain until after the week-end.

—Mrs. Quincey Cutrer, of the West End Pass Christian Beach, has gone to visit relatives and friends at St. Martinsville, La., where she plans to remain until possibly after the holidays.

—Guests of Mr. and Mrs. C. G. Moreau for Thanksgiving dinner were Mr. and Mrs. W. B. Sherman, Misses Audrey, Honorine and Maxine Sherman, of New Orleans, and Mrs. Honorine Muller of San Antonio, Texas, at their home in Carroll avenue.

—Miss Laurin Gex, accomplished eldest daughter of Mr. and Mrs. E. J. Gex returned to her home in Court street Saturday, after successfully undergoing an operation for appendicitis at Touro Infirmary, Dr. Dengre Martin in charge. Her friends will learn of her successful and rapid convalescence.

—Sheriff Jones, Chief Deputy Joseph V. Bontemps, Deputy Mark Oliver, Chief of Police Alcine Saucier and other officers of the law were stationed at the head of the auto bridge Sunday night on the lookout of the possible escape of Dr. William A. Fast, charged with the murder of his wife, Mrs. Anna Ethel Moscius Fast, that day. But Dr. Fast surrendered to New Orleans authorities that night. It will be remembered that Mrs. Fast and two sons spent part of the summer in Bay St. Louis and she as well as her sons, were well known. Later they appeared in the local courts of the county. Local county and city officials were on the sharp lookout and stopped the automobile of every one going by, including that of the writer.

—Mrs. L. K. Leonhard returned home Saturday from an extensive visit to San Antonio, Texas, where she was the house guest of her relatives, Mrs. Richard Henry, in Beuna Vista Boulevard, and later at Houston where she visited at the home of her friend, Mrs. Lillian Borden, formerly of this city. While at both places Mrs. Leonhard was the recipient of many unusually social attentions. At San Antonio, among the many beautiful affairs, she was the guest of honor at a dinner given by Dr. and Mrs. W. E. Graves, at their colonial home, 325 San Pedro avenue. Dr. and Mrs. Graves were visitors to Bay St. Louis and plan to again be on the coast for a visit during the holidays. Mrs. Leonhard's return home is noted with pleasure and interest.

—Thanksgiving observance by Bay St. Louis Rotary Club, with Rotarians from Pass Christian as visiting guests and joining in the event, was the outstanding event of the week, representing approximately fifty gentlemen from the ranks of professional and business set of this section, men from the number who represent the civic and commercial doings and interest. The banquet at Weston Hotel, especially prepared by Mrs. Abigail Bourgeois, dining room hostess, was fully in keeping with the high mark which the Weston has set for being one of the best hotels on the coast. A veritable Thanksgiving spread was served and the chrysamthemum decoration added color and beauty to the long and beautiful table. But above all of this were the ideals and principles for which Rotary so well exemplifies and its members practice. Ideals of depth and of lasting impressions.

Hub—Really, Helen, $40 for a hat is going it pretty strong.

Wife—Well, my dear, I simply had to look nice when I'm out with you; you're so distinguished looking.

LONGEST CONCRETE AND STEEL BRIDGE IN STATE LOCATED ON BILOXI BAY

Bay St. Louis Is Longest But Not All of Steel and Concrete —Official Authority Writes of Structures and Gives Interesting Information.

By CLARENCE SIMMONS,
(Bridge Engineer)

THE LONGEST concrete and steel bridge in the state is located across Biloxi Bay, providing a direct route for highway traffic on U. S. Route 90 between Biloxi and Ocean Springs. Completion of this structure in 1930 marked the culmination of several years of effort on the part of the various agencies connected with this project.

A preliminary study of the situation first was made by the State Highway Department about 1922. As a result of this study, it was believed essential that in locating the highway along this section of the Mississippi Coast, that existing grade crossings of such a highway with the L. & N. Railroad should be eliminated. This decision fixed the location of the bridge as south of the railroad bridge crossing Biloxi Bay.

It was not until 1926, however, that conditions were favorable to construction of this bridge; and a movement was initiated by the local officials and organizations in co-operation with the State Highway Department toward the financing of the project, and toward determination of the exact site to build it. Surveys were made of various sites, and applications were made to the War Department for a permit to build the bridge.

After hearings were held on alternate routes with various objections to these routes from navigation interests, the final location was selected in 1927 to connect the east end of Howard Avenue, Biloxi, with a point near the L. & N. Railroad on the Ocean Springs shore of the bay. The saving in distance between Biloxi and Ocean Springs over this route as compared with the travelled road at that time amounts to more than four miles.

Final plans for the bridge then were prepared by this department, as well as an estimate of cost upon which basis financial arrangements were made by the counties to provide their share of the cost. After the plans had been submitted to the U. S. Bureau of Public Roads and their approval secured, the contract for construction was advertised for letting, and the contract was awarded in July 1928, construction starting soon thereafter.

The bridge was complete, and accepted by the State Highway Department on June 30, 1930, the final contract cost being $766,409.56. The larger portion of this amount was provided by Harrison and Jackson counties, the balance being federal aid funds allotted by the State Highway Commission.

The length of the bridge is about 1½ miles, consisting of thirty-six foot reinforced concrete spans supported on precast concrete pile bents; and a 280 foot steel swing span on a concrete pivot pier. The width of roadway on the bridge is 20 feet for highway traffic besides a four foot sidewalk on the south side. The roadway of the bridge is built on a grade sloping downward from the drawspan toward each bridge end.

The bridge is built with twenty four inch square concrete piles, excepting the pivot pier. There are four concrete piles to each bent, the maximum pile length being seventy-five feet.

TRUSTEE'S SALE OF LAND

Whereas, Charles Edgar Carter and Mary A. Carter, husband and wife, executed a Deed of Trust conveying to W. V. Yates, as Trustee certain land situated in Hancock County, State of Mississippi, to secure an indebtedness owing by them to the Peoples Building & Loan Association, which Deed of Trust is dated April 15th, 1931, and recorded in Vol. No. 26, pages 423-424, Records of Mortgages and Deeds of Trust on land in said Hancock County, in which Deed of Trust the land is described as the land, with its rights and appurtenances, situated in Hancock County, State of Mississippi, and described as follows, to-wit: The land in the City of Bay St. Louis, situated on the North side of Citizen Street; being the East 92 feet of Lot 390, Third Ward, as per an official map of said City made by E. S. Drake, C. E., filed in the office of the Clerk of the Chancery Court of Hancock County, Mississippi, on May 1, 1923. Being the same land conveyed by Leo. R. Murtagh and Bessie F. Murtagh to the said Charles Edgar Carter and Mary A. Carter by deed dated April 15, 1931.

Whereas default has been made in the payment of said indebtedness, and whereas the said Association, under the authority of said Deed of Trust, has appointed the undersigned Ethel H. Gex, as Substituted Trustee, instead of said W. V. Yates, which Substitution is dated November 25, 1931, and recorded in Vol. No. 27, pages 100-101, Records of Mortgages and Deeds of Trust on lands in said Hancock County, the said Association has requested the undersigned to duly execute said Deed of Trust according to its terms, by a sale of the property therein described.

Now therefore notice is hereby given that the undersigned Substituted Trustee will sell the above described property, at public auction, to the highest bidder, for cash, before the front door of the Hancock County Court House, in the City of Bay St. Louis, Mississippi, within legal hours for the purpose of paying said indebtedness and costs on

MONDAY, DECEMBER 21ST, 1931.

I will convey only such title as is vested in me as such Substituted Trustee, which I believe to be true.

Advertised, posted and dated this the 27th day of November, 1931.

ETHEL H. GEX,
Substituted Trustee.

THANKSGIVING DAY OBSERVED BY BAY ST. LOUIS ROTARY CLUB

(Continued from page one)

Spengler tell of the pioneers as they traveled and delved farther into the interior; penetrating the wilderness until civilization followed and was firmly established. He spoke of these great heroes, of their toil and dangers they encountered. On horseback, traveling by covered wagons, where today we roll over outlined and smoothest of roads through civilization in closed cars. Rails now took the place where formerly trails marked the country. Of boats, then later railroads and today over boats and railroads we travel by air. He spoke of the United States as the splendid nation that it is, a great melting pot of nations.

Events and Administrations.

Outstanding periods and events have marked the administrations of so many presidents. He said during Washington's administration was West Point established; Thomas Jefferson the Louisiana purchase, James Madison and Andrew Jackson was the war of 1812, James Monroe, Florida purchase and the Monroe Doctrine. It was also under the Monroe administration that Mississippi was admitted into statehood. It was at this time that literature n this country was first recognized and established, with such writers as Bryant, Irving, Cooper and Poe.

Under Andrew Jackson Daniel Webster lived and the Alamo chapter marked history. Harrison administration saw the establishment of express companies, government post stamps, the sewing machine, rubber and photography given their impetus.

Under Polk the war with Mexico; gold discovered in California under Taylor, the civil war was fought under the Lincoln administration, the Spanish-American war under McKinley, during Cleveland's time the Columbian exposition and under Roosevelt the Panama canal built. Under Wilson the world war.

First National Thanksgiving Proclamation.

The first national Thanksgiving (Washington) proclamation was by a request to Congress, designating November 26, 1789 "as a day of public thanksgiving and prayer to be observed by acknowledgment with grateful hearts the many and signal favors of Almighty God. . . . . exhorted the people to beseech Him to Pardon our national and other transgressions, to promote the knowledge and practice of true religion and virtue, and to grant unto all mankind such a degree of tenporal prosperity as He alone knows to be best."

Father Spengler said Thanksgiving could be traced deep back into history. The Greeks had their harvest feast called Thesmophoria. Romans, Cerealia. The English their Harvest Moon and today Canada and the United States their annual Thanksgiving. Canada on the last Monday of October and in the United States, the speaker said, you know.

Father Spengler's address as a whole was a gem, interesting to that extent that it was seemingly all too short; absorbing and engaging. It was one Thanksgiving observance by Bay Rotary Club that will remain memorable, and he was thanked for the honor of his presence and the beauty and thought of his address, which, in closing, he quoted:

The North, the South, the West, the East!
No one the most and none the least,
But each with its own heart and mind
Each of its own distinctive kind,
Yet each a part and none the whole,
But all together form one soul;
That soul Our Country at its best,
No North, no South, no East, no West
Not yours, no mine, but always ours,
Merged in one Power our lesser powers,
For no one's favor, great or small,
But all for each and each forall.

Invited Guests

Invited guests at this Rotary function were Emilio Cue, president board of supervisors; Charles Traub, Sr. mayor; Ferdinand H. Egloff and Sylvan J. Ladner, city commissioners; Alphonse G. Favre, clerk of courts; Robt. L. Genin, State representative from Hancock county; W. Val Yates, cashier Merchants Bank & Trust Company. Other invited guests were unable to be present.

PLAN RECREATION CENTER.

Gulfport—An intensive educational campaign will be launched to sell the idea to the Harrison county public of the recreational center and small crafts harbor for this work by the committee. The campaign will precede the circulation of a petition among the people of the county for signatures endorsing the proposed development, a plan outlined recently before the board of supervisors and backed by various civic and service organizations.

WORK AND PLAY AT S. J. A.

COAST MEETING.

The Third Monthly Coast Meeting was held last Wednesday night at St. Thomas School in Long Beach, Miss.

The officers of Our Sodality, Evelyn Nix, Nick St. Angelo, and Ann Partridge attended the meeting which was opened with a brief prayer by Rev. Father Hayden of the Long Beach church. Father Hayden gave a brief talk on the "Miraculous Medal" and its origin.

The different representaives gave an account of the various ways in which they raise money for their respective Sodalities. The most common devices were giving bridge parties, religious plays, etc. Opinions were also expressed as to the best ways of getting the Sodalists to attend meetings. The Parliamentary system of holding a meeting was pronounced the most successful way of conducting meetings. The officers of the Individual Sodalities were urged to have a membership drive thus inviting every eligible Catholic girl to join the Children of Mary Sodality.

Many other subjects were discussed such as the best means of preventing the congregation from interfering in the Communion of a Sodality as a body.

The meeting adjourned with a prayer by Father Hayden. Refreshments were served and books of the Miraculous Medal were given out by the Long Beach girls to each representative.

S. J. A.'S FIRST GAME VS. BATON ROUGE RED STICKERS.

S. J. A. Gym, Friday, Nov. 27, 7:45

The Jays have been thrilled for the past week. The possibility of a game with Baton Rouge was the cause of the big excitment. The Jays remember with the greatest delight the two visits which their sister teams, the Red Stickers paid them last session and they are looking forward with much anticipation to the coming games which are scheduled for Friday night.

This will be the Jays' first appearance this season and every one is interest in seeing how our teams will show up. Don't forget then, come to the S. J. A. Gym Friday night at 7:45 and help cheer the girls to victory.

Admission 15c and 10c.

MANY ATTEND ENTERTAINMENT IN HONOR OF ST. CECILIA.

The program given last Saturday night in honor of St. Cecilia was well attended and was voted by all a big success.

The music pupils of S J. A. are specially thankful to the many friends who helped them with this program. Particularly do they wish to thank the various classes of the school for the different choruses they provided; Peo Harding for her dance, Leonelle Arceneaux and Marjorie Rose Fayard for their recitation; Louise Carrere for her splendid impersonation of the Blessed Virgin; Miss Louise Armstrong and her band for their pretty number and the Harding band for its many selections.

Every number on the program was heartily applauded but the beautiful pantomine which concluded the program was greeted with many ahs! and ohs! The angels, the little girl and Our Blessed Mother were most life-like and the curtain closed on a tableux which was truly heavenly in its beauty.

AS THANKSGIVING COMES AROUND.

The word Thanksgiving brings to mind vivid pictures of large juicy turkeys, golden brown pumpkins, and mince pies; thrilling classics of the gridiron, crisp November air, and fur coats; brilliant shades of scarlet and gold, and slightly cloudy skies; youth, beauty and high hopes; thrills, touchdowns romances and football heroes.

Perhaps to epicureans and to the Thanksgiving old-timers, the turkey figures highest; but to every full-blooded American girl and boy who is out for thrills and excitement and romance—the emerald turf cut with white lines and twenty-two figures madly chasing after one poor ball—this constitutes an ample reason for giving thanks.

I am sure that the girl from Homer's corner watching Bill kick the pigskin over a muddy vacant lot, is quite as thrilled as the Washington debutante dressed in her seal skin coat watchng the Army-Navy game, for football is the same the world over, just as the feminine heart is the same.

So here's for bigger and better turkeys and Thanksgiving football games.

THANKSGIVING DAY.

In sixteen-hundred-twenty
In the oppressive days of yore
A little band of Pilgrims
Come to America from old England's shore.

They suffered many hardships
They endured both famine and cold,
And though sometimes they murmured,
Still they were courageous and bold.

In sixteen hundred twenty-one,
When about to give way to despair,
A successful harvest rewarded them
And cast from them every care.

They certainly realized their blessing,
For then what did they do?
Immediately offered thanksgiving,
That which we now do too.

So from our Pilgrim Fathers,
Originated Thanksgiving Day,
A time when each should thank the Lord,
In his or her own way.

Farmers particularly favor this day,
For its the time their harvest brown,
Must now be reaped in from the fields,
And sent away to town.

And why do school girls like it?
The answer you can't guess,
It means one whole day out of school
To stay at home and rest.

But in eighteen sixty-four,
Lincoln certainly had a motive,
When he set aside, a special day,
To show God we're devotive.

And his reason is quite plain to see
And easier to understand,
We have a prosperous country, to be thankful for,
Every infant boy, girl, woman and man.

And each and every one of us,
Should offer to God, on this day,
Thanksgiving for all He's given us,
In whatever special way we may.

JUST BEING THANKFUL.

Just being thankful is a fine thing to do,
Thanking God for grey skies rather than the blue.

There were happy days a-plenty
Came mishaps accidentally
But just being thankful is the right way to be true.

Just being thankful shows other folks the way,
For sooner or later we will all have to pay.
But it makes God smile upon you
To think there are still few,
Who are being specially thankful on "Thanksgiving Day."

CAN YOU IMAGINE WHY?—

The illustrious class of '32 wish to announce that they are very well pleased with class '35 (our little freshmen). So much so that each senior is generously giving to these fortunate ones, some little advice, a nickname, or even bequeathing to her favorite some trait of her own.

The frosh can't understand why:

Frances is giving Lucille her finishing touches in music.

Effie thinks that Rose Mary needs training in the art of rolling one's eyes.

Nicolina is instructing Blanche and Lois in the all important subject of basketball.

Alice claims that Aida has them all beat.

Catherine says that Ann Mae "does not need teaching."

Ann has Maguerite L. under her tutelage.

Louise has a weak spot for Maguerite L. and also of course for her namesake, Louise Strong.

Elise always has little Phyllis with her.

Melo has lots in common with Jane.

Yvonne can often he heard saying "isn't she cute" when Lorraine passes by.

Vinc helps Genie to do her French and advises Almie on matters of the heart.
